## PROCUREMENT SOURCE SELECTION METHODS AND CONTRACT AWARDS

### Sec. 1-10-48. Generally.

The following sections provide detailed information concerning the use of the seven (7) source selection methods available for use for the procurement of commodities, services and construction products for Augusta, Georgia. The seven methods are: (1) sealed bids, (2) sealed proposals, (3) special services, (4) quotations or informal bids, (5) sole source, (6) emergency procurement and (7) annual contracts.

*Purpose.* A significant portion of the Augusta, Georgia Annual Budget is committed each year to various purchase contracts such as raw materials, equipment, equipment parts or components, general supplies, and professional and non-professional services. Therefore, it is essential that maximum value be obtained for each public tax dollar spent. A proven technique for obtaining this goal is through the annual bid contract process,

### Sec. 1-10-58. Annual contracts.

Upon approval of an annual contract by the Board of Commissioners (or the Administrator for annual bids of up to \$25,000), any using agency may order supplies or services under such annual contract as needed up to the maximum amount approved in the annual bid.

Purchases on the following annual bid items will exceed \$25,000.00 per order:

SUBJECT: Warehouse Inventory Supplies, Bid Item #12-066  
2012 ANNUAL BID RECOMMENDATION

DATE: December 2, 2011

Attached is the bid tabulation information for the Warehouse Inventory Supplies Bid Item Number 12-066. It is our recommendation that the bid items be awarded to the compliant vendors as noted on the attached spreadsheet. The awards are based on the low bid for each item. The compliant vendors are: Toole Supply, E.T. Industrial, HD Supply Waterworks, Independent Waterworks, Consolidated Pipe, Atlantic Supply, and Ferguson Waterworks.

We have attached the list of items to be awarded to each vendor and highlighted the specific item awarded to each vendor beneath the appropriate vendor's name.

Thank you!

**SUBJECT:** Chemical Supplies (Bid Item #12-065) Recommendation of Award (2012)

**DATE:** January 9, 2012

RECOMMENDATION FOR AWARD:

The 2012 Chemical Bid #12-065 was opened and reviewed on November 11, 2011. Of the 15 different chemical bid requests listed, only eleven (11) items received compliant bids. We would like to request three (3) items be re-bid as soon as possible. The Hydrofluosilic Acid (Drums) originally bid will be withdrawn for the re-bid process since we do not use a substantial amount of the chemical in the container format originally bid. The Tabulation Sheets listing the compliant bids are attached with the low bids highlighted in yellow.

We would like to award the same chemical, originally requested in different shipping configurations, be awarded to the same company. Those chemicals are: Chlorine items and Solar Salt. The request to combine these to one vendor is due to shipping costs, Homeland Security Regulations and the Government Risk Management Plan (RMP) we must abide by.

It is recommended that the following Chemical Items be awarded to the low bidder. They are:

|          |                                          |                    |
|----------|------------------------------------------|--------------------|
| Item #1  | Alum-Liquid                              | General Chemical   |
| Item #2  | Anthracite                               | Unifilt            |
| Item #3  | Calcium Hypochlorite/tablets             | Thatcher           |
| Item #4  | Cationic Polymer                         | SNF Polydyne, Inc. |
| Item #5  | Chlorine (Ton Cylinders)                 | Allied Universal   |
| Item #6  | Chlorine (150# Cylinders)                | Allied Universal   |
| Item #7  | Hydrofluosilic Acid (Tank Truck)         | Key Chemical       |
| Item #12 | Powder Activated Carbon (Price per # \$) | F2 Industries      |
| Item #13 | Sodium Silicofluoride (bagged)           | Thatcher           |
| Item #14 | Solar Salt (Tank Truck)                  | Univar USA         |
| Item #15 | Solar Salt (50# bag)                     | Univar USA         |

The Items that will need to be rebid are: Liquid Lime, and both Liquid Orthophosphate and Dry Blended Phosphate. The bids received lacked sufficient information to select the best bidder.

**Utilities Director**Signature: Tom D. Wiedmeier Date: 1/26/12**DATE:       January 25, 2012****SUBJECT:    Bid #12-050, Red Hot Sewer Solvent**

Bid #12-050 has received nine (9) bids which have been deemed compliant by the Procurement paperwork requirement process. These bids have been further reviewed by the Utilities staff for: 1. cost, 2. exceptions, 3. specifications indicating chemical content, and 4. Local Vendor Preference.

Thatcher Chemicals of Deland, Florida, has quoted the lowest bid and the other requirements of the Utilities Department. We had requested a sample of the product to be provided from Thatcher for testing purposes. They have complied with our request and we have determined that it meets our needs and specifications. We would like to request that Thatcher Chemicals be awarded the Bid #12-050 for Red Hot Sewer Solvent.

Thank you for your assistance with this bid process request.

Re: Bid Item #12-045 – Athletic Clothing and Equipment

Dear Geri,

Based on the low bid, the Augusta Recreation, Parks and Facilities Department would like to submit our recommendation for Johannsen's to receive items # 3, 4, 5, 6, 8, 10, 11, 13, 14, 15, 20, 22, 23, 25, 28, 29, 37, 40, 44, 48, 50 and 51 on the athletic clothing and equipment annual bid. For items # 2, 17, 18, 21, 26, 30, 31, 32, 34, 39, 42, 43, 45, 46, 47, 49 and 52 we recommend based on the low bid that Sport Supply Group (BSN) be awarded the bid. For item # 19 we recommend based on the low bid that S & S worldwide be awarded the bid. For items #1, 7, 9, 12 and 33 we recommend based on the low bid that Anaconda Sports be awarded the bid. For items # 16, 24, 27, 35, 36, 38 and 41 we recommend that Johannsen's be offered the opportunity to match the low bid due to the local vendor preference. In addition our recommendation is based on satisfactory work with these vendors in the past. As always, we thank you and your staff for all the help during this process.

Sincerely,

  
Joanie Smith, Deputy Director of Recreation

| <b>Caption:</b>          | Approve an Ordinance providing for the demolition of certain unsafe and uninhabitable structures in the South Augusta Neighborhood: 4211 Beckmont Drive, 2328 Travis Pines, 2364 Winston Way, (District 6, Super District 10); 2532 Kensington Drive East, (District 5, Super District 9); 2438 Dublin Drive, (District 4, Super District 9); 2531 Norton Boulevard, (District 2, Super District 9); Old City: 235 Walker Street, 255 Walker Street, (District 1, Super District 9); 2025 Boykin Place, 1526 Forest Street, 1673 Garlington Avenue, (District 2, Super District 9), AND WAIVE 2ND READING. |
| <b>Background:</b>       | The approval of this ordinance will provide for the demolition of the structures that have been determined to be dilapidated beyond repair and a public nuisance. The owners of the above referenced properties have been requested to correct the property maintenance violations, and the violations were not corrected. By approving this ordinance the City will have the structures demolished, record a lien against the properties in the amount of the costs incurred, and send the property owner(s) a bill for payment that is due within 30 days of receipt.                                    |
| <b>Analysis:</b>         | Continuing the removal of dilapidated structures will signal to the public that neglected, unsafe and uninhabitable structures will not be allowed and that property owners will be held responsible for their properties.                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Financial Impact:</b> | The average total cost associated with the demolition of the property will be approximately \$5,200.00. This includes the title search, asbestos survey, and demolition.                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| <b>Alternatives:</b>     | Allow the unsafe structure to remain and continue to have a negative impact on the neighborhoods and City.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Recommendation:</b>   | Approval                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
