Change Human Resources Part-time position to a Full-time entry-level position

Department: Human Resources

Caption: Approve change of the existing part-time position in Human Resources to a full-time position.

Background: A study conducted by the interim HR Director determined that Augusta HR is sorely understaffed compared with similar organizations. The industry standard (the “ideal”) for HR organizations is to have a 1:100 ratio of HR employees to organizational employees. Our ratio is 1:280, and it is greater than 1:300 if retirees are included. This staffing situation is a key factor in the customer service, communication, and quality problems that HR has encountered in the recent past. Human Resources (HR) currently has one part-time position which was authorized in 2007. The workload in the department and the importance of the tasks that have been asked of the position have caused the person in that position to work the same hours (37.5) as the regular employees. Considering the definition of a part-time vs. full-time employee as described in our employee manual (full-time being an employee who is "working a full or regular work schedule"), this should be a full-time position. Rather than reduce hours for this employee, which would be a detriment to the department and our customers, it is in the long-term interest of the department to make the position a full-time entry-level position. Given that HR is understaffed and this part-time position provides important contributions to the department, it should be made a full-time position.

Analysis: It is proposed to create one full-time entry level position entitled “HR Clerk” as a grade 40. This position would be part of the Benefits Division of HR, with the understanding that it is subject to handle a variety of duties as needed to assist the Employment Division as well. The official duties of this new position are found in the attached job description. The hourly rate for the part-time position is \$11.33. The starting salary for a grade 40 employee is \$23,401.67, which translates to an hourly rate of \$12.00. The incoming HR Director has been advised of this request and has concurred that moving this part-time position to full-time will help to meet our goals for the HR Department as we embark on an effort to rebuild the department and make it a vital and active part of the Augusta government.

Financial Impact: There will be one more full-time person on the HR organizational chart following commission approval with a salary of \$23,401.67, with corresponding benefits as the employee chooses. Per the Finance Cover Memo Department, there is funding available for salary and benefits in the existing HR budget for 2008. Using 30% as the benefit multiplier, this calculates to \$7020.50 for the remainder of 2008 (assuming six pay periods for the

remainder of the year). There will be a corresponding drop in the amount that the employee would have been paid in 2008 out of part-time wages and salaries. In 2009, this full-time employee will cost \$30,422.17 with salary and benefits but there will be a \$24,000 decrease in the operating budget because the request for part-time wages can be deleted.

Alternatives: Do not approve the change of this position from part-time to full-time.

Recommendation: Approve change of the single existing part-time position in Human Resources to a full-time position

Demolition of Unsafe Structures

Department:	License & Inspection
Caption:	Approve an Ordinance providing for the demolition of certain unsafe and uninhabitable structures in the East Augusta Neighborhood: 387 Azalea Drive, 823 Sibley Street, (District 1, Super District 9), 2014 Willow Street, 2048 Willow Street, 2068 Willow Street, (District 2, Super District 9); South Richmond Neighborhood: 1053 Alden Drive, (District 8, Super District 10), 2385 Cougar Drive, (District 6, Super District 10); Meadowbrook Neighborhood: 2355 Amsterdam Drive, 2359 Helsinki Drive, 3520 Prince Road, 3505 Windemere Drive, (District 4, Super District 9), 2417 Lennox Road, (District 6, Super District 10); South Augusta Neighborhood: 173 Aragon Drive, 1211 Koger Street, 1516 Koger Street, (District 2, Super District 9); 2032 Olive Road, (District 5, Super District 9); Turpin Hill Neighborhood: 1626 ½ High Street, 1213 Kent Street, (District 2, Super District 9); AND WAIVE 2ND READING.
Background:	The approval of this ordinance will provide for the demolition of certain structures that have been determined to be dilapidated beyond repair and a public nuisance. The owners of the above referenced properties have been requested to correct the property maintenance violations. The violations were not corrected. By approving this ordinance the City will have the structures demolished, record a lien against the property in the amount of the costs incurred, and send the property owners a bill for payment that is due within 30 days of receipt.
Analysis:	Continuing the removal of dilapidated structures will signal to the public that neglected, unsafe and uninhabitable structures will not be allowed and that property owners will be held responsible for their properties.
Financial Impact:	The average total cost associated with the demolition of each property will be approximately \$5,200.00. This includes the title search, asbestos survey, and demolition.
Alternatives:	Allow the unsafe structures to remain and continue to have a negative impact on the neighborhoods and City.

Human Resources Budget Adjustment for Remainder of 2008

Department: Human Resources

Caption: Approve allocation of funds to Human Resources to satisfy operating budget needs for the remainder of 2008.

Background: The budget that was requested by the HR Department during the budget entry period for the 2008 fiscal year (August 2007) was underestimated. Expenses have not necessarily been higher in 2008, but the amount requested was insufficient. HR has cut back on expenses, but certain costs, like physicians' fees and drug testing for pre-employment screening, continue to come in as new employees are processed in to the organization. HR also continues to use office supplies to support orientation and office activities, although the staff has been advised to recycle and has been doing so.

Analysis: A review was conducted of the current outstanding invoices and the anticipated operating expenses for the remainder of the year. It is estimated that \$17,000 will be needed for the department to continue to pay outstanding bills, new bills, purchases supplies, etc. for the remainder of 2008. The attached spreadsheet provides a detailed list of needs.

Financial Impact: The approval of this request will require that \$17,000 be moved into HR's operating budget.

Alternatives: None. HR has no money to operate with and has outstanding bills that must be paid in order to process personnel into the organization.

Recommendation: Approve allocation of funds to Human Resources to satisfy operating budget needs for the remainder of 2008

Medical & Dental Insurance Provider for 2009**

Department:	Human Resources
Caption:	Approve renewal of contract with BlueCross BlueShield of Georgia (BCBS) as Augusta's Medical Insurance Provider and Delta Dental as Augusta's Dental Insurance provider.
Background:	BlueCross BlueShield of Georgia is the current Medical & Dental Insurance Provider for Augusta and has been since April 1, 2006. A Request for Proposals (08-132) was advertised and reviewed by the Human Resources Department, the Procurement Department, Benalytics (Benefits Consulting Group) and the RFP Selection Committee.
Analysis:	The only medical insurance provider to submit a proposal that met all of the specifications of the RFP was BlueCross BlueShield of Georgia. There were three proposals accepted as dental insurance providers (BlueCross BlueShield of Georgia, Delta Dental and United Concordia). A detailed report of the RFP process and the results is attached. The report includes an explicit cost breakdown as well as additional features, like Wellness, that will be part of the new plan with BCBS.
Financial Impact:	The Medical Insurance Premium will not change for 2009. The Delta Insurance Premium is a decrease from our existing dental premium, saving Augusta \$522,213 over the next three years.
Alternatives:	Do not approve renewing the contract with BlueCross BlueShield of Georgia as Augusta's Medical Insurance Provider and Delta Dental as Augusta's Dental Insurance provider.
Recommendation:	Approve renewal of contract with BlueCross BlueShield of Georgia as Augusta's Medical Insurance Provider and Delta Dental as Augusta's Dental Insurance provider.

- Fully-Insured Medical Costs
- Fully-Insured Medical Summary
- Fully-Insured Dental Costs
- Self-Funded Dental Costs
- Conclusions

Executive Summary

- At the request of Augusta-Richmond County (Augusta), Benalytics has received follow-up information from Blue Cross Blue Shield for their proposed medical plan as well as best & final results from all dental vendors
- BCBSGA was asked a series of questions as directed by Augusta. The results were as follows:
 - Request maximum out of pocket for HMO co-pays
A Maximum Out-of-Pocket was requested and BCBS stated that in their POS Plans , “co-pays do not apply to the out-of-pocket maximum”.
 - Check the rates if the we slightly reduce the co-pays
A \$5 change in co-pay will require a 1.5% to 2.0% increase in the rates
 - Urgent Care
We are currently in negotiations with University Prompt Care. We will aggressively continue our ongoing negotiations to establish this network in Augusta.
 - Wellness Program Funding
BCBSGA will provide \$30,000 per year for the next 2 plan years (totaling \$60,000) to support Augusta’s Wellness initiatives through lunch & learns, educational sessions and incentives to wellness plan participants and contest winners.

Executive Summary

- All dental vendors were asked to provide best & final cost proposals so that they each would have one last opportunity to improve their pricing to the benefit of Augusta. The results were as follows:
 - *BCBSGA reduced their rates by 10%*
 - *Delta Dental reduced their rates by 7.5% and added a 3rd year rate guarantee*
 - *United Concordia kept their rates the same and reduced their third year cap to 5%*
- Dental 3-year projected savings as a result of best & final pricing is as follows :
 - *BCBSGA savings is \$368,457*
 - *Delta Dental savings is \$522,213*
 - *United Concordia savings is \$369,758*
- Based on the best & final fully insured dental pricing and rate guarantees, we recommend that Augusta contract with Delta Dental
- Delta Dental's rates are guaranteed for 3-years and will save Augusta \$500,000 over the next 3 plan years

Medical

Fully Insured Medical Plans

- Augusta asked that Benalytics go back to Blue Cross Blue Shield and ask specific questions regarding their medical proposal
- The questions and answers are as follows:
 1. Request maximum out of pocket for HMO co-pays
A Maximum Out-of-Pocket was requested and BCBS stated that in their POS Plans , "co-pays do not apply to the out-of-pocket maximum".
 2. Check the rates if the we slightly reduce the co-pays
A \$5 change in co-pay will require a 1.5% to 2.0% increase in the rates
 3. Urgent Care
We are currently in negotiations with University Prompt Care. We will aggressively continue our ongoing negotiations to establish this network in Augusta.
 4. Wellness Program Funding
BCBSGA will provide \$30,000 per year for the next 2 plan years (totaling \$60,000) to support Augusta's wellness initiatives through lunch & learns, educational sessions and incentives to wellness plan participants and contest winners.

Fully Insured Medical Plans

- BCBSGA proposed to hold the current plan rates for 2009 on a fully-insured basis
- We asked BCBSGA about further reductions in the proposed rates
- We asked if Augusta could expect a large increase in 2010 as a result of keeping the rates the same in 2009 as they are in 2008

BCBSGA had already given the best rates possible utilizing Augusta's claims experience.

BCBSGA's underwriters indicated that holding the rates was based on sound underwriting that it is not a case of BCBSGA buying the business in a competitive bid situation and requesting a large increase next year.

- Based on Benalytics' underwriting, it is more advantageous for Augusta to remain fully insured for 2009 given the no increase renewal proposed by BCBSGA

Fully Insured Medical Plans

- We asked BCBSGA about the differential in plan costs for the various plans offered by Augusta. Our review determined that the current rates do not reflect the true differential between the plans. BCBSGA's response is as follows:

HMO/POS differential - When we implemented this group, there was a 6% differential between the two plans. We simply mirrored the plan at United. Over the past couple of years, in order to contain cost, this group has made several benefits changes. These changes have impacted the differential between the two plans.

- During our discussions with the BCBSGA underwriter it was determined that the proposed "POS plan 3" cannot be offered as a fully-insured plan

The requested "POS Plan 3" can only be offered on a self-funded basis

- Medicare Advantage plan rates increased by 5.1%

Fully Insured Medical Summary

- The savings shown for each plan assumes all current participants enroll in each plan
- Since we are recommending that Augusta remain fully-insured for at least another year and BCBSGA cannot offer the proposed POS plan 3 on a fully-insured basis, we have requested that BCBSGA give us a low cost plan design that may be offered along with the current plans on a fully-insured basis
- BCBSGA's proposed rates are the same for both HMO & POS plans. This arrangement does not show the true variation in plan design and utilization. We recommend that Augusta consider a move towards a strategy of more transparent plan pricing
- Overall, BCBSGA has proposed no increase to the medical plan and a 5.1% increase to the Medicare Advantage Plan. We would recommend accepting the proposal as presented for 2009

* Projected Costs are based on a projection of Augusta's dental claim and administration costs for each of the next 3 plan years. Claims and administration cost were trended by 5% each year.

Self-Funded Dental Costs

- Augusta's dental costs trended for each of the next 3 years will total \$3,200,000
- Remaining fully-insured will save Augusta a total of \$368,000 to \$520,000 of the projected costs over the next 3 years
- Based on the cost projections in this evaluation, it would not be to Augusta's benefit to consider self-funding the dental plan
- We recommend that Augusta remain fully-insured for dental coverage over the next 3 years

Conclusions

- The review of the medical proposals resulted in no increase for the current plans
- Plan 3, as designed, is not a viable fully-insured option since BCBS is not filed to offered the plan on that funding basis. BCBS has provided other plan design for consideration
- The Medicare Advantage plan costs have increased 5.1% for 2009
- The dental vendor that has provided the top cost proposal is Delta Dental
- Given the projected 3-year dental plan savings, we would recommend that Augusta contract with Delta Dental for fully-insured dental coverage for its employees

FYI: Process regarding Request for Proposals

§ 1-10-43

AUGUSTA-RICHMOND COUNTY CODE, READOPTED 7-10-2007

- (3) The character, integrity, reputation, judgment, experience, and efficiency of the bidder,
- (4) The quality of performance on previous contracts,
- (5) The previous and existing compliance by the bidder with laws and ordinances relating to the contract or services,
- (6) The sufficiency of the financial resources of the bidder relating to his ability to perform the contract,
- (7) The quality, availability, and adaptability of the supplies or services to the particular use required, and
- (8) The number and scope of conditions attached to the bid by the bidder.

(j) *Award to other than low bidder.* When the award is not given to the lowest bidder, a full and complete statement of the reasons for placing the purchase order or other contract elsewhere shall be prepared and signed by the Procurement Director and/or Administrator and made part of the record file for audit proposes.
(Ord. No. 6939, § 16, 1-2-07)

Sec. 1-10-44. Request for proposals.

Request for proposals shall be handled in the same manner as the bid process as described above for solicitation and awarding of contracts for goods or services with the following exceptions:

- (a) Only the names of the vendors making offers shall be disclosed at the proposal opening.
- (b) Content of the proposals submitted by competing persons shall not be disclosed during the process of the negotiations.
- (c) Proposals shall be open for public inspection after the award is made.
- (d) Proprietary or confidential information, marked as such in each proposal, shall not be disclosed without the written consent of the offeror.
- (e) Discussions may be conducted with responsible persons submitting a proposal

determined to have a reasonable chance of being selected for the award. These discussions will only be for the purpose of clarification to assure a full understanding of the solicitation requirement and responsiveness thereto.

- (f) Nonmonetary revisions may be permitted after submissions and prior to award for the purpose of obtaining the best and final offers.
- (g) In conducting discussions with the persons submitting the proposals, there shall be no disclosure of any information derived from the other persons submitting proposals.

Sec. 1-10-45. Sealed proposals.

(a) *Conditions for use.* The competitive sealed proposals method may be utilized when the Augusta-Richmond County Administrator approves the written justification of the Procurement Director or using agency head that the sealed bid method is not in the best interest of Augusta-Richmond County. Generally, this method may be used when competitive sealed bidding (involving the preparation of detailed and specific specifications) is either not practicable or not advantageous to Augusta-Richmond County. In the case of procurement computer software, for example, it is in the best interest of Augusta-Richmond County to specify functional requirements and outputs, and allow the bidders to propose based on the closest available product(s) and software or software development services meeting our needs.

(b) *Request for proposals.* Competitive sealed proposals shall be solicited through a request for proposals (RFP).

(c) *Public notice.* Adequate public notice of the request for proposals shall be given in the same manner as provided in section 1-10-43(c)(Public Notice and Bidder's List); provided the normal period of time between notice and receipt of proposals minimally shall be fifteen (15) calendar days.

(d) *Pre-proposal conference.* A pre-proposal conference is not required but recommended for purposes of expounding on the requirements and

§ 1-10-46

soliciting vendor/contractor input. Such conferences should be scheduled at least five (5) days prior to the date set for receipt of proposals, and notice shall be handled in a manner similar to section 1-10-44(c)-Public Notice and Bidder's List.

(e) *Receipt of proposals.* Proposals will be received at the time and place designated in the request for proposals, complete with bidder qualification and technical information. Price information shall be separated from the proposal in a sealed envelope and opened only after the proposals have been reviewed and ranked.

The names of the respondents will be identified at the proposal opening; however, no proposal will be handled so as to permit disclosure of the detailed contents of the response until after award of contract. A record of all responses shall be prepared and maintained for the files and audit purposes.

(f) *Public inspection.* The responses will be open for public inspection only after contract award. Proprietary or confidential information marked as such in each proposal will not be disclosed without written consent of the offeror.

(g) *Evaluation and selection.* The request for proposals shall state the relative importance of price and other evaluation factors that will be used in the context of proposal evaluation and contract award. (Pricing proposals will not be opened until the proposals have been reviewed and ranked).

- (1) Selection committee. A selection committee, minimally consisting of representatives of the procurement office, the using agency, and the Administrator's office or their choice shall convene for the purpose of evaluating the proposals.
- (2) Preliminary negotiations. Discussions with the offerors and technical revisions to the proposals may occur. Discussions may be conducted with the responsible offerors who submit proposals for the purpose of clarification and to assure full understanding of, and conformance to, the solicitation requirements. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussions

and revision of proposals and such revisions may be permitted after submission and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of information derived from proposals submitted by competing offerors.

(h) *Final negotiations and letting the contract.* The Committee shall rank the technical proposals, open and consider the pricing proposals submitted by each offeror, and request final and best offers from the top ranked three firms if available. Award shall be made or recommended for award through the Augusta-Richmond County Administrator, to the responsible offeror whose proposal is determined to be the most advantageous to Augusta-Richmond County, taking into consideration price and the evaluation factors set forth in the request for proposals. No other factors or criteria shall be used in the evaluation. The contract file shall contain a written report of the basis on which the award is made/recommended. The contract shall be awarded or let in accordance with the procedures set forth in this Section and Article 10, section 1-10-71 of this chapter. (Ord. No. 6939, § 16, 1-2-07)

Sec. 1-10-46. Authority to contract for special services.

As used in this section, special services are those professional services, such as those provided by physicians, architects, ministers, engineers, accountants and attorneys, which are normally obtained on a fee basis. In the procuring of professional services those departments which normally utilize such services may contract on their behalf for such service in accordance with this article provided that the following requirements are met:

- (a) The department must solicit the best possible contract with the person providing the professional service.
- (b) Negotiation with the person providing professional services shall include the department head and the Augusta-Richmond County Administrator.
- (c) The department shall obtain the approval of the Commission.

CONTRACT AND BOOKLET INTEGRITY

1.1 Contract and Booklet Wording

Eligibility for coverage, Effective Dates for any Member, levels of benefit payments, exclusions, termination of coverage information and other pertinent data are listed in depth in the Certificate Booklet and Group Master Application. These are included and a part of the entire BlueChoice Healthcare Plan Group Master Contract. Those items listed only in the Certificate Booklet will be controlled by that document and all rights and obligations related thereto will be determined by its integrity, related internal procedures and medical policy documents.

ARTICLE 2

ELIGIBILITY

2.1 Requirements

Requirements for eligibility are shown in the Group Master Application, which is attached and is a part of this Contract. Any application--new group Subscriber, supplemental application, or application for change of coverage--must be received and approved by BCBSHP before an Effective Date can be assigned.

2.2 Late Enrollees

Late Enrollees (otherwise eligible Employees or Dependents who do not enroll when initially eligible, or within 31 days of a qualifying event entitling them to a special enrollment period) may enroll during the annual open enrollment period. The Certificate Booklet contains detailed information regarding this issue.

2.3 Notice of Status Change

The Group must notify BCBSHP of changes in coverage status for all affected Members who change the type of coverage option. If the Group does not notify BCBSHP of such

changes in coverage within 30 or 31 days, the Group agrees to repay BCBSHP for all claims payments legally incurred after a Member's eligibility has changed. If any claim is submitted during the interim, BCBSHP will deduct the applicable Premium from any claim payment.

ARTICLE 3

BENEFITS

3.1 Introduction

The BlueChoice Healthcare Plan is a plan providing primary and referral health care services. Medical care is furnished by Network Providers, Physicians and specialists chosen by Members for primary and specialty care. The only exceptions to all services not being rendered by a Network Provider are:

1. when the service required for treatment of the covered condition is not available at a Network Hospital or from a Network Physician. In this case prior approval must be received from the BlueChoice Healthcare Plan Medical Director; or
2. when a Member needs life-threatening emergency care either inside or outside the service area.

3.2 Primary Care Physician

Unless the Group chooses one of our Blue Direct or Open Access products on the Group Master Application, all Network care must be received from or coordinated through a Primary Care Physician (PCP). This is called PCP Referral. If a Member receives care without a PCP referral, the Member is responsible for paying all bills.

These products allow flexibility for Network Physician access. With Blue Direct, all In-Network primary care must be received from a Primary Care Physician. A Member may access specialty care directly from a Network Specialist Physician; no PCP referral is needed. With Open Access, a Member may access both a Primary Care Physician and a Network Specialist Physician directly; no referral is needed.

ARTICLE 4

GENERAL PROVISIONS

4.1 Entire Contract and Changes

This document, the Certificate Booklet, the Group Master Application, and any future changes, attachments or amendments will be the **Entire Contract**. No change in this Contract is valid unless signed by the President or an authorized officer of BCBSHP. No agent or employee of BCBSHP may change this Contract or declare any part of it invalid.

4.2 Applications for Enrollment

Information will be furnished to BCBSHP for each Employee as follows:

1. Enrolling, new Members--Application for Coverage.
2. A prerequisite to eligibility for coverage is that the Employees submitting applications for coverage must have been continuously employed for the length of time stipulated in the Group Master Application.
3. If Employees do not elect coverage when first eligible to apply and later elect to apply for coverage, a health statement application must be submitted. A post-eligible (late entrant) application for family members also must be in the form of a health statement application.

4.3 Enrollment and Payment Procedures

1. The employer (Applicant) agrees that enrollment will be restricted to those on the employer's payroll, and that each new Employee will be given an opportunity to apply for coverage at such time the Employee becomes eligible. Employees who do not elect to apply for coverage must submit a Waiver of Coverage form.
2. Further, the employer agrees to collect the amount of the Employee's contribution, if any, by payroll deduction; and to pay on or before the due date to BCBSHP the employer's contribution, if any, plus the Employee's contribution, if any, which, when combined, amounts to the total monthly subscription charges.
3. There shall be an annual re-enrollment period that will precede the other carrier's

(if any) anniversary date by sixty (60) days. During this time, eligible Employees may transfer their membership from other carriers (if any) to BCBSHP. The Effective Date of these transfers and eligibility for coverage will be defined in the change form.

4.4 Subscription Charges

1. Initial charges shall be payable in advance of the Effective Date, and coverage shall not be in effect until such payment is received by BCBSHP. Subsequent charges shall be payable monthly on or before the due date designated on the Group Master Application. Except for the initial payment, a grace period of thirty-one (31) days beyond the due date shall be allowed for payment of charges due. BCBSHP reserves the right to refuse to accept any payment of charges after the expiration of the grace period. If the employer fails to pay such charges to BCBSHP within the grace period, the Group Master Contract automatically will be terminated as of the end of the grace period; however, the employer still shall be liable to BCBSHP in the amount of any claims paid on behalf of the Group after the due date, unless proper notice of termination has been given as provided below.
2. BCBSHP may change the monthly subscription charges whenever the benefits are changed by amendment, or as of any monthly due date upon giving sixty (60) days' prior notice to the employer. BCBSHP may also change the monthly subscription charges when the enrollment falls below the minimum requirement agreed to in the Group Master Application or a significant enrollment change is made through acquisition of a subsidiary (ies), the Employees of which are to be added to this Group.

4.5 Certificate Booklets, Miscellaneous Forms and Notices

1. BCBSHP agrees to provide Employees a Certificate Booklet outlining the benefits. Such Certificate Booklet is an integral part of the Group Master Contract as stated above.

2. The employer agrees to receive, on behalf of its covered Employees, all notices, certificates and identification cards delivered by BCBSHP and to forward such materials to the persons involved.
3. Any notice shall be sufficient if given to the employer when addressed to its office, as stated in the Group Master Application; if given to BCBSHP when addressed to its office; or if given to an Employee, when addressed to the Employee either his or her address as it appears on his or her records at BCBSHP, or in care of the employer.
4. The Group Master Contract may be modified from time to time. BCBSHP will give the employer sixty (60) days' notice prior to the Effective Date of any such change.

4.6 Effective Date of Coverage

The Effective Date of Coverage is stated on the Group Master Application. The first Contract anniversary date is also stated on the Group Master Application; these two dates do not have to be separated by twelve (12) months. The Group Master Contract, if issued, shall remain in force unless terminated in accordance with the terms of this Contract. The due date shall be the first of each month.

4.7 Time Limit on Certain Defenses

Two years after this Contract is issued, no fraudulent statements which might have been included on a Subscriber's application can be used to void the Contract. Also, after these same two years no claim can be denied because of any fraudulent statement on this application.

4.8 Reinstatement

If a Member's coverage ends in any manner, that Member may be considered for reinstatement.

4.9 Unreasonable Fees

If BCBSHP considers a fee unreasonable, it will determine a Customary Fee. Payment will be based on the Customary Fee.

4.10 Compliance with Given Provisions

BCBSHP has the right to waive any part of this Contract for the benefit of the insured. This waiver in no way affects BCBSHP's right to

apply that part of the Contract in paying a future claim.

4.11 Contract Administration

1. For proper adjudication of claims under this Contract, it is agreed, and the Group and its Members consent, that all medical records involving any condition for which a claim is presented will be furnished at BCBSHP's request, and all privileges with respect to such information are waived. The Group and its Members agree to participate and cooperate with BCBSHP in any pre-admission, concurrent or other medical review activity at any Hospital or medical facility as BCBSHP deems appropriate. This information will be kept confidential to the extent provided by law. Payment will not be provided where sufficient information cannot be obtained to properly adjudicate a claim.
2. Any person or entity having information about an illness or Injury for which benefits are claimed may give BCBSHP at its request, any information (including copies of records) about the illness or Injury. In addition, BCBSHP may with the Member's written consent give any person or entity similar information at their request if they are providing similar benefits.
3. In making a decision on claims involving payment for services or supplies or days of care that are determined by BCBSHP to be medically unnecessary, BCBSHP reserves the right to obtain advisory opinions from Physician consultants in the appropriate specialty under consideration prior to reaching a decision. On reconsideration of denied Medical Necessity claims, BCBSHP further reserves the right to refer such cases to an appropriate peer review committee for an advisory opinion before BCBSHP renders its final determination on such claims.

4.12 Employer Declaration

The employer submits eligibility and group health profile information with the Group Master Application. The employer understands that the information on such forms will be used by BCBSHP to evaluate the actuarial risk of the Group and any coverage which may be issued can be rescinded for the

entire Group if this information is incomplete, misleading or inaccurate.

4.13 Refunds

Refunds with respect to a Group's request, based on circumstances including, but not limited to, retroactive terminations of Employees from the Group, will be limited to a maximum period of three months. Any eligible refunds for the Employee's coverage will be sent to the Group.

4.14 Unpaid Premium

Upon the payment of a claim under this Contract, any Premiums then due and unpaid or covered by any note or written order, may be deducted from that claim payment.

4.15 Applicable Law

This Contract is governed by the laws and regulations of the State of Georgia. Nothing in this Contract shall be construed so as to be in violation of any federal or state law or regulation. In the event of state or federally mandated benefits, BCBSHP reserves the right to change the subscription charges (rates) with sixty (60) days' prior notice.

4.16 Right of Recovery

When any payment for Covered Services has been made by BCBSHP in an amount that exceeds the maximum benefits available for such services under the Contract, or whenever payment has been made in error by BCBSHP for Non-Covered Services, BCBSHP shall have the right to recover such payment from the Member or, if applicable, the provider of Covered Services.

4.17 Limitation of Actions

No lawsuit may be filed by a Member to recover benefits on a claim made under this Contract unless commenced at least sixty (60) days after filing a claim. A Member cannot file any legal action after three (3) years from the date of filing a claim.

4.18 Right to Audit

BCBSHP reserves the right to audit a Group's Employee roster to verify enrollment participation and eligibility requirements.

4.19 Non-Duplication

As a condition precedent to the issuance of this Group Master Contract, the employer agreed that other similar Group coverage for Hospital and/or Physician services, if any, which was in effect, would be cancelled on or prior to the Effective Date of this Group Master Contract, and no other group coverage providing benefits for Hospital and/or Physician services would be adopted by the employer during the period of this Contract. In the event the employer adopts such other coverage, the employer will terminate this Contract by giving sixty (60) days' written notice prior to the Effective Date of the new coverage, except when such other coverage will not duplicate benefits already provided by BCBSHP. After notice by the employer, BCBSHP, at its discretion, may waive this restriction. Such waiver will be in writing and must be signed by the President of BCBSHP.

4.20 Licensed Controlled Affiliate

The Group on behalf of itself and its Members hereby expressly acknowledges its understanding this policy constitutes a Contract solely between the Group and BCBSHP, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the Association), permitting Blue Cross and Blue Shield of Georgia, Inc. to use the Blue Cross and Blue Shield Service Marks in the state of Georgia, and that BCBSHP is not contracting as the agent of the Association. The Group further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than BCBSHP and that no person, entity, or organization other than BCBSHP shall be held accountable or liable to the Group for any of BCBSHP's obligation to the Member created under this Contract. This paragraph shall not create any additional obligations whatsoever on the part of BCBSHP other than those obligations created under other provisions of this agreement.

4.21 Calculation of Coinsurance and Other Subscriber Liability

The calculation of Member liability for Covered Services for claims incurred outside of Georgia and processed through the Program typically will be at the lower of the provider's actual billed charges or the negotiated rate BCBSHP pays the on-site Blue Cross and/or Blue Shield Plan.

Often this "negotiated price" will consist of a simple discount. But sometimes it is an estimated final price that factors in expected settlements or other non-claims transactions with a health care provider or with a specific group of providers. The negotiated price may also be a discount from billed charges that reflects average expected savings. The estimated or average price may be adjusted in the future to correct for over- or underestimation of past prices.

In addition, statutes require Blue Cross and/or Blue Shield Plans in a small number of states to use a basis for calculating Member liability for Covered Services that does not reflect the entire savings realized on a particular claim. Thus, when your Members received Covered Services in these states, their Member liability for Covered Services will be calculated using these states' statutory methods.

Like all Blue Cross and Blue Shield Licensees, BCBSHP participates in a program called "BlueCard." Whenever Members access health care services outside the geographic area BCBSHP serves, the claim for those services may be processed through BlueCard and presented to BCBSHP for payment in conformity with network access rules of the BlueCard Policies then in effect ("Policies"). Under BlueCard, when Members receive covered health care services within the geographic area served by an on-site Blue Cross and/or Blue Shield Licensee ("Host Blue"), BCBSHP will remain responsible to the Group for fulfilling BCBSHP's contract obligations. However, the Host Blue will only be responsible, in accordance with applicable BlueCard Policies, if any, for providing such services as contracting with its Participating Providers, handling all interaction with its Participating Providers, and providing some managed care services. The financial terms of BlueCard are described generally below.

4.22 Liability Calculation Method Per Claim

The calculation of the Member liability on claims for covered health care services incurred outside the geographic area BCBSHP serves and processed through BlueCard will be based on the lower of the provider's billed charges or the negotiated price BCBSHP pays the Host Blue.

The methods employed by a Host Blue to determine a negotiated price will vary among Host Blues based on the terms of each Host Blue's provider contracts. The negotiated price paid to a Host Blue by BCBSHP on a claim for health care services processed through BlueCard may represent:

- (i) the actual price paid on the claim by the Host Blue to the health care provider ("Actual Price"), or
- (ii) an estimated price, determined by the Host Blue in accordance with BlueCard Policies, based on the Actual Price increased or reduced to reflect aggregate payments expected to result from settlements, withholds, any other contingent payment arrangements and non-claims transactions with all of the Host Blue's health care providers or one or more particular providers ("Estimated Price"), or
- (iii) an average price, determined by the Host Blue in accordance with BlueCard Policies, based on a billed charges discount representing the Host Blue's average savings expected after settlements, withholds, any other contingent payment arrangements and non-claims transactions for all of its providers or for a specified group of providers ("Average Price"). An Average Price may result in greater variation to the Member and to the Group from the Actual Price than would an Estimated Price.

Host Blues using either the Estimated Price or an Average Price will, in accordance with BlueCard Policies, prospectively increase or reduce the Estimated Price or Average Price to correct for over- or underestimation of past prices. However, the amount paid by the Member is a final price and will not be affected by such prospective adjustment.

Statutes in a small number of states may require a Host Blue either (1) to use a basis for calculating the Member liability for covered health care services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or (2) to add a surcharge. Should any state statutes mandate liability calculation methods that differ from the negotiated price methodology or require a surcharge, the Host Blue would then calculate the Member liability for any covered health care services consistent with the applicable state statute in effect at the time the Member received those services.

4.23 Return of Overpayments

Under BlueCard, recoveries from a Host Blue or from Participating Providers of a Host Blue can arise in several ways, including, but not limited to, anti-fraud and abuse audits, provider/hospital audits, credit balance audits, Utilization Review refunds, and unsolicited refunds. In some cases, the Host Blue will engage third parties to assist in discovery or collection of recovery amounts. The fees of such a third party are netted against the recovery. Recovery amounts, net of fees, if any, will be applied in accordance with applicable BlueCard Policies, which generally require correction on a claim-by-claim or prospective basis.

4.24 Determinations of Covered Health Care Services

If BCBSHP, or if the applicable Group, determines that health care services are covered, or the Group's medical plan covers the health care services, coverage of those health care services cannot be denied based on the Host Blue's network protocols. However, under BlueCard, the Member cannot be denied coverage of health care services received outside of the geographic area BCBSHP serves if the health care services (i) are covered by the network protocols of the Host Blue; and (ii) are not specifically limited or excluded by the Group's medical plan document.

ARTICLE 5

CONDITIONS UNDER WHICH BENEFITS SHALL BE RENDERED

5.1 Hospital Inpatient Benefits

1. Hospital Inpatient Benefits are available only if a Member is admitted as a bed patient to a Hospital on the order of a licensed Primary Care Physician. The Member must be under the care of this Physician. The Primary Care Physician must be on the staff of, or acceptable to, the Hospital at which the Member is a patient.
2. The service which the Member receives at a Hospital is subject to all the rules and regulations of the Hospital selected. Such rules also control admission policies.

5.2 Right to Receive Necessary Information

BCBSHP has the right to receive any information necessary in order to determine how much to pay on any claims submitted by a Hospital, Physician, or an individual Member. BCBSHP agrees to hold all such material confidential.

ARTICLE 6

TERMINATION OF COVERAGE

1. Initial charges shall be payable in advance of the Effective Date, and coverage shall not be in effect until such payment is received by BCBSHP. Subsequent charges shall be payable monthly on or before the due date designated in the attached Group Master Application. (The due date is the date on or before which all subscription charges must be received.)

Grace Period. If the Group has not given written notice to BCBSHP this Contract is to be terminated, a Grace Period of thirty-one (31) days, during which this Contract shall remain in effect, will be allowed for the payment of any subscription charges due after the due date. If no subscription charges are paid within the Grace Period, this Contract will automatically terminate without further notice effective as of the end of the Grace Period; after termination, the Group shall continue to be liable for all unpaid subscription charges due through and including the Grace Period. If written notice is given by the Group to BCBSHP during the Grace Period that this Contract is to be terminated, then termination shall be effective immediately and the Group shall be liable to BCBSHP only for a pro rata amount for the portion of the month prior to the receipt of such notice by BCBSHP.

2. If the Group does not pay the subscription charges for a Member by the end of the Grace Period, that Member's coverage ends automatically at the end of the Grace Period. No benefits for such a Member or covered family members will be paid after this date unless the insured person is on an existing continuing claim. Any Premium due for a Member shall be deducted from any Member's claim paid during the Grace Period.
3. If a Subscriber loses eligibility by no longer being a member of a particular subclass within the Group, that Subscriber's coverage ceases automatically as of the end of the period for which current subscription charges have been paid. Coverage also ends for all other family members covered under this Subscriber's certificate of coverage.
4. If this Group ends (or cancels) this Contract for any reason, coverage for all Members ends automatically as of the cancellation date. No

benefits will be paid after this date, except as provided under Extension of Benefits or Extended Benefits.

5. The Group may cancel this Contract by giving written notice to BCBSHP at least sixty (60) days in advance. Coverage for all Subscribers ends automatically as of the cancellation date. Note: None of the above shall prejudice an existing claim.
6. Termination of Coverage (Group)
BCBSHP may cancel this Contract on the renewal date in the event of any of the following:

1. The Group fails to pay premiums in accordance with the terms of this Contract.
2. The Group performs an act or practice that constitutes fraud or intentional misrepresentation of material fact in applying for or procuring coverage.
3. The Group has fallen below our minimum employer contribution or group participation rules. We will submit a written notice to the Group and provide the Group 60 days to comply with these rules.
4. We terminate, cancel or non-renew all coverage under a particular policy form, provided that:
 - We provide at least 180 days notice of the termination of the policy form to all Members;
 - We offer the Group all other small group (employer) or large group (employer) policies, depending on the size of the Group, currently being offered or renewed by us for which you are otherwise eligible; and
 - We act uniformly without regard to the claims experience or any health status related factor of the individuals insured or eligible to be insured.

CONTRACT AND BOOKLET INTEGRITY

1.1 Contract and Booklet Wording

Eligibility for coverage, Effective Dates for any Member, levels of benefit payments, exclusions, termination of coverage information and other pertinent data are listed in depth in the Certificate Booklet and Group Master Application. These are included and a part of the entire BlueChoice Option Group Master Contract. Those items listed only in the Certificate Booklet will be controlled by that document and all rights and obligations related thereto will be determined by its integrity, related internal procedures and medical policy documents.

ARTICLE 2

ELIGIBILITY

2.1 Requirements

Requirements for eligibility are shown in the Group Master Application, which is attached and is a part of this Contract. Any application--new group Subscriber, supplemental application, or application for change of coverage--must be received and approved by BCBSHP before an Effective Date can be assigned.

2.2 Late Enrollees

Late Enrollees (otherwise eligible Employees or Dependents who do not enroll when initially eligible, or within 31 days of a qualifying event entitling them to a special enrollment period) may enroll during the annual open enrollment period. The Certificate Booklet contains detailed information regarding this issue.

2.3 Notice of Status Change

The Group must notify BCBSHP of changes in coverage status for all affected Members who change the type of coverage option. If the Group does not notify BCBSHP of such changes in coverage within 30 or 31 days, the

Group agrees to repay BCBSHP for all claims payments legally incurred after a Member's eligibility has changed. If any claim is submitted during the interim, BCBSHP will deduct the applicable Premium from any claim payment.

ARTICLE 3

BENEFITS

3.1 Introduction

BlueChoice Option is a point-of-service plan providing primary and referral health care services. Medical care is furnished by Network Providers, Physicians and specialists chosen by Members for primary and specialty care. Benefits are higher when care is provided by In-Network Providers. The only exceptions to all services not being rendered by a Network Provider are:

1. when the service required for treatment of the covered condition is not available at a Network Hospital or from a Network Physician. In this case prior approval must be received from the BCBSHP Medical Director;
2. when a Member needs life-threatening emergency care either inside or outside the service area; or
3. when a Member decides to use an Out-of-Network Provider for a particular service.

3.2 Primary Care Physician

Unless the Group chooses one of our Blue Direct or Open Access products on the Group Master Application, all Network care must be received from or coordinated through a Primary Care Physician (PCP). This is called PCP Referral. If a Member receives care without a PCP referral, the Member is responsible for paying all bills.

These products allow flexibility for Network Physician access. With Blue Direct, all In-Network primary care must be received from a Primary Care Physician. A Member may access specialty care directly from a Network Specialist Physician; no PCP referral is needed. With Open Access, a Member may access both a Primary Care Physician and a Network Specialist Physician directly; no referral is needed.

ARTICLE 4

GENERAL PROVISIONS

4.1 Entire Contract and Changes

This document, the Certificate Booklet, the Group Master Application, and any future changes, attachments or amendments will be the **Entire Contract**. No change in this Contract is valid unless signed by the President or an authorized officer of BCBSHP. No agent or employee of BCBSHP may change this Contract or declare any part of it invalid.

4.2 Applications for Enrollment

Information will be furnished to BCBSHP for each Employee as follows:

1. Enrolling, new Members--Application for Coverage.
2. A prerequisite to eligibility for coverage is that the Employees submitting applications for coverage must have been continuously employed for the length of time stipulated in the Group Master Application.
3. If Employees do not elect coverage when first eligible to apply and later elect to apply for coverage, a health statement application must be submitted. A post-eligible (late entrant) application for family members also must be in the form of a health statement application.

4.3 Enrollment and Payment Procedures

1. The employer (Applicant) agrees that enrollment will be restricted to those on the employer's payroll, and that each new Employee will be given an opportunity to apply for coverage at such time the Employee becomes eligible. Employees who do not elect to apply for coverage must submit a Waiver of Coverage form.
2. Further, the employer agrees to collect the amount of the Employee's contribution, if any, by payroll deduction; and to pay on or before the due date to BCBSHP the employer's contribution, if any, plus the Employee's contribution, if any, which, when combined, amounts to the total monthly subscription charges.
3. There shall be an annual re-enrollment period that will precede the other carrier's (if any) anniversary date by sixty (60) days. During this time, eligible

Employees may transfer their membership from other carriers (if any) to BCBSHP. The Effective Date of these transfers and eligibility for coverage will be defined in the change form.

4.4 Subscription Charges

1. Initial charges shall be payable in advance of the Effective Date, and coverage shall not be in effect until such payment is received by BCBSHP. Subsequent charges shall be payable monthly on or before the due date designated on the Group Master Application. Except for the initial payment, a grace period of thirty-one (31) days beyond the due date shall be allowed for payment of charges due. BCBSHP reserves the right to refuse to accept any payment of charges after the expiration of the grace period. If the employer fails to pay such charges to BCBSHP within the grace period, the Group Master Contract automatically will be terminated as of the end of the grace period; however, the employer still shall be liable to BCBSHP in the amount of any claims paid on behalf of the Group after the due date, unless proper notice of termination has been given as provided below.
2. BCBSHP may change the monthly subscription charges whenever the benefits are changed by amendment, or as of any monthly due date upon giving sixty (60) days' prior notice to the employer. BCBSHP may also change the monthly subscription charges when the enrollment falls below the minimum requirement agreed to in the Group Master Application or a significant enrollment change is made through acquisition of a subsidiary (ies), the Employees of which are to be added to this Group.

4.5 Certificate Booklets, Miscellaneous Forms and Notices

1. BCBSHP agrees to provide Employees a Certificate Booklet outlining the benefits. Such Certificate Booklet is an integral part of the Group Master Contract as stated above.
2. The employer agrees to receive, on behalf of its covered Employees, all notices, certificates and identification cards

delivered by BCBSHP and to forward such materials to the persons involved.

3. Any notice shall be sufficient if given to the employer when addressed to its office, as stated in the Group Master Application; if given to BCBSHP when addressed to its office; or if given to an Employee, when addressed to the Employee either his or her address as it appears on his or her records at BCBSHP, or in care of the employer.
4. The Group Master Contract may be modified from time to time. BCBSHP will give the employer sixty (60) days' notice prior to the Effective Date of any such change.

4.6 Effective Date of Coverage

The Effective Date of Coverage is stated on the Group Master Application. The first Contract anniversary date is also stated on the Group Master Application; these two dates do not have to be separated by twelve (12) months. The Group Master Contract, if issued, shall remain in force unless terminated in accordance with the terms of this Contract. The due date shall be the first of each month.

4.7 Time Limit on Certain Defenses

Two years after this Contract is issued, no fraudulent statements which might have been included on a Subscriber's application can be used to void the Contract. Also, after these same two years no claim can be denied because of any fraudulent statement on this application.

4.8 Reinstatement

If a Member's coverage ends in any manner, that Member may be considered for reinstatement.

4.9 Physical Examinations

If a Member has submitted a claim and BCBSHP needs more health information, BCBSHP can require a physical examination as often as is reasonably necessary. BCBSHP would pay the cost of any such examination.

4.10 Unreasonable Fees

If BCBSHP considers a fee unreasonable, it will determine a Customary Fee. Payment will be based on the Customary Fee.

4.11 Compliance with Given Provisions

BCBSHP has the right to waive any part of this Contract for the benefit of the insured. This waiver in no way affects BCBSHP's right to apply that part of the Contract in paying a future claim.

4.12 Contract Administration

1. For proper adjudication of claims under this Contract, it is agreed, and the Group and its Members consent, that all medical records involving any condition for which a claim is presented will be furnished at BCBSHP's request, and all privileges with respect to such information are waived. The Group and its Members agree to participate and cooperate with BCBSHP in any pre-admission, concurrent or other medical review activity at any Hospital or medical facility as BCBSHP deems appropriate. This information will be kept confidential to the extent provided by law. Payment will not be provided where sufficient information cannot be obtained to properly adjudicate a claim.
2. Any person or entity having information about an illness or Injury for which benefits are claimed may give BCBSHP at its request, any information (including copies of records) about the illness or Injury. In addition, BCBSHP may with the Member's written consent give any person or entity similar information at their request if they are providing similar benefits.
3. In making a decision on claims involving payment for services or supplies or days of care that are determined by BCBSHP to be medically unnecessary, BCBSHP reserves the right to obtain advisory opinions from Physician consultants in the appropriate specialty under consideration prior to reaching a decision. On reconsideration of denied Medical Necessity claims, BCBSHP further reserves the right to refer such cases to an appropriate peer review committee for an advisory opinion before BCBSHP renders its final determination on such claims.

4.13 Employer Declaration

The employer submits eligibility and group health profile information with the Group Master Application. The employer understands that the information on such forms

will be used by BCBSHP to evaluate the actuarial risk of the Group and any coverage which may be issued can be rescinded for the entire Group if this information is incomplete, misleading or inaccurate.

4.14 Refunds

Refunds with respect to a Group's request, based on circumstances including, but not limited to, retroactive terminations of Employees from the Group, will be limited to a maximum period of three months. Any eligible refunds for the Employee's coverage will be sent to the Group.

4.15 Unpaid Premium

Upon the payment of a claim under this Contract, any Premiums then due and unpaid or covered by any note or written order, may be deducted from that claim payment.

4.16 Applicable Law

This Contract is governed by the laws and regulations of the State of Georgia. Nothing in this Contract shall be construed so as to be in violation of any federal or state law or regulation. In the event of state or federally mandated benefits, BCBSHP reserves the right to change the subscription charges (rates) with sixty (60) days' prior notice.

4.17 Right of Recovery

When any payment for Covered Services has been made by BCBSHP in an amount that exceeds the maximum benefits available for such services under the Contract, or whenever payment has been made in error by BCBSHP for Non-Covered Services, BCBSHP shall have the right to recover such payment from the Member or, if applicable, the provider of Covered Services.

4.18 Limitation of Actions

No lawsuit may be filed by a Member to recover benefits on a claim made under this Contract unless commenced at least sixty (60) days after filing a claim. A Member cannot file any legal action after three (3) years from the date of filing a claim.

4.19 Right to Audit

BCBSHP reserves the right to audit a Group's Employee roster to verify enrollment participation and eligibility requirements.

4.20 Non-Duplication

As a condition precedent to the issuance of this Group Master Contract, the employer agreed that other similar Group coverage for Hospital and/or Physician services, if any, which was in effect, would be cancelled on or prior to the Effective Date of this Group Master Contract, and no other Group coverage providing benefits for Hospital and/or Physician services would be adopted by the employer during the period of this Contract. In the event the employer adopts such other coverage, the employer will terminate this Contract by giving sixty (60) days' written notice prior to the Effective Date of the new coverage, except when such other coverage will not duplicate benefits already provided by BCBSHP. After notice by the employer, BCBSHP, at its discretion, may waive this restriction. Such waiver will be in writing and must be signed by the President of BCBSHP.

4.21 Licensed Controlled Affiliate

The Group on behalf of itself and its Members hereby expressly acknowledges its understanding this policy constitutes a Contract solely between the Group and BCBSHP, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the Association), permitting Blue Cross and Blue Shield of Georgia, Inc. to use the Blue Cross and Blue Shield Service Marks in the state of Georgia, and that BCBSHP is not contracting as the agent of the Association. The Group further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than BCBSHP and that no person, entity, or organization other than BCBSHP shall be held accountable or liable to the Group for any of BCBSHP's obligation to the Member created under this Contract. This paragraph shall not create any additional obligations whatsoever on the part of BCBSHP other than those obligations created under other provisions of this agreement.

4.22 Calculation of Coinsurance and Other Subscriber Liability

The calculation of Member liability for Covered Services for claims incurred outside of Georgia and processed through the Program typically will be at the lower of the provider's actual billed charges or the negotiated rate BCBSHP pays the on-site Blue Cross and/or Blue Shield Plan.

Often this "negotiated price" will consist of a simple discount. But sometimes it is an estimated final price that factors in expected settlements or other non-claims transactions with a health care provider or with a specific group of providers. The negotiated price may also be a discount from billed charges that reflects average expected savings. The estimated or average price may be adjusted in the future to correct for over-or underestimation of past prices.

In addition, statutes require Blue Cross and/or Blue Shield Plans in a small number of states to use a basis for calculating Member liability for Covered Services that does not reflect the entire savings realized on a particular claim. Thus, when your Members received Covered Services in these states, their Member liability for Covered Services will be calculated using these states' statutory methods.

Like all Blue Cross and Blue Shield Licensees, BCBSGA participates in a program called "BlueCard." Whenever Members access health care services outside the geographic area BCBSHP serves, the claim for those services may be processed through BlueCard and presented to BCBSHP for payment in conformity with network access rules of the BlueCard Policies then in effect ("Policies"). Under BlueCard, when Members receive covered health care services within the geographic area served by an on-site Blue Cross and/or Blue Shield Licensee ("Host Blue"), BCBSHP will remain responsible to the Group for fulfilling BCBSHP's contract obligations. However, the Host Blue will only be responsible, in accordance with applicable BlueCard Policies, if any, for providing such services as contracting with its Participating Providers, handling all interaction with its Participating Providers, and providing some

managed care services. The financial terms of BlueCard are described generally below.

4.23 Liability Calculation Method Per Claim

The calculation of the Member liability on claims for covered health care services incurred outside the geographic area BCBSHP serves and processed through BlueCard will be based on the lower of the provider's billed charges or the negotiated price BCBSHP pays the Host Blue.

The methods employed by a Host Blue to determine a negotiated price will vary among Host Blues based on the terms of each Host Blue's provider contracts. The negotiated price paid to a Host Blue by BCBSHP on a claim for health care services processed through BlueCard may represent:

- (i) the actual price paid on the claim by the Host Blue to the health care provider ("Actual Price"), or
- (ii) an estimated price, determined by the Host Blue in accordance with BlueCard Policies, based on the Actual Price increased or reduced to reflect aggregate payments expected to result from settlements, withholds, any other contingent payment arrangements and non-claims transactions with all of the Host Blue's health care providers or one or more particular providers ("Estimated Price"), or
- (iii) an average price, determined by the Host Blue in accordance with BlueCard Policies, based on a billed charges discount representing the Host Blue's average savings expected after settlements, withholds, any other contingent payment arrangements and non-claims transactions for all of its providers or for a specified group of providers ("Average Price"). An Average Price may result in greater variation to the Member and to the Group from the Actual Price than would an Estimated Price.

Host Blues using either the Estimated Price or an Average Price will, in accordance with BlueCard Policies, prospectively increase or reduce the Estimated Price or Average Price to correct for over- or underestimation of past prices.

However, the amount paid by the Member is a final price and will not be affected by such prospective adjustment.

Statutes in a small number of states may require a Host Blue either (1) to use a basis for calculating the Member liability for covered health care services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or (2) to add a surcharge. Should any state statutes mandate liability calculation methods that differ from the negotiated price methodology or require a surcharge, the Host Blue would then calculate the Member liability for any covered health care services consistent with the applicable state statute in effect at the time the Member received those services.

4.24 Return of Overpayments

Under BlueCard, recoveries from a Host Blue or from Participating Providers of a Host Blue can arise in several ways, including, but not limited to, anti-fraud and abuse audits, provider/hospital audits, credit balance audits, Utilization Review refunds, and unsolicited refunds. In some cases, the Host Blue will engage third parties to assist in discovery or collection of recovery amounts. The fees of such a third party are netted against the recovery. Recovery amounts, net of fees, if any, will be applied in accordance with applicable BlueCard Policies, which generally require correction on a claim-by-claim or prospective basis.

4.25 Determinations of Covered Health Care Services

If BCBSHP, or if the applicable Group, determines that health care services are covered, or the Group's medical plan covers the health care services, coverage of those health care services cannot be denied based on the Host Blue's network protocols. However, under BlueCard, the Member cannot be denied coverage of health care services received outside of the geographic area BCBSHP serves if the health care services (i) are covered by the network protocols of the Host Blue; and (ii) are not specifically limited or excluded by the Group's medical plan document.

ARTICLE 5

CONDITIONS UNDER WHICH BENEFITS SHALL BE RENDERED

5.1 Hospital Inpatient Benefits

1. Hospital Inpatient Benefits are available only if a Member is admitted as a bed patient to a Hospital on the order of a licensed Physician. The Member must be under the care of this Physician. The Physician must be on the staff of, or acceptable to, the Hospital at which the Member is a patient.
2. The service which the Member receives at a Hospital is subject to all the rules and regulations of the Hospital selected. Such rules also control admission policies.
3. A Member can choose any legally constituted and approved Hospital for care. However, BCBSHP does not guarantee that any particular service or type of room will be available even if requested by the Physician.

5.2 Physician Availability

A Member may go to any Physician. BCBSHP does not guarantee that any particular Physician will be available.

5.3 Right to Receive Necessary Information

BCBSHP has the right to receive any information necessary in order to determine how much to pay on any claims submitted by a Hospital, Physician, or an individual Member. BCBSHP agrees to hold all such material confidential.

ARTICLE 6

TERMINATION OF COVERAGE

1. Initial charges shall be payable in advance of the Effective Date, and coverage shall not be in effect until such payment is received by BCBSHP. Subsequent charges shall be payable monthly on or before the due date designated in the attached Group Master Application. (The due date is the date on or before which all subscription charges must be received.)

Grace Period. If the Group has not given written notice to BCBSHP this Contract is to be terminated, a Grace Period of thirty-one (31) days, during which this Contract shall remain in effect, will be allowed for the payment of any subscription charges due after the due date. If no subscription charges are paid within the Grace Period, this Contract will automatically terminate without further notice effective as of the end of the Grace Period; after termination, the Group shall continue to be liable for all unpaid subscription charges due through and including the Grace Period. If written notice is given by the Group to BCBSHP during the Grace Period that this Contract is to be terminated, then termination shall be effective immediately and the Group shall be liable to BCBSHP only for a pro rata amount for the portion of the month prior to the receipt of such notice by BCBSHP.

2. If the Group does not pay the subscription charges for a Member by the end of the Grace Period, that Member's coverage ends automatically at the end of the Grace Period. No benefits for such a Member or covered family members will be paid after this date unless the insured person is on an existing continuing claim. Any Premium due for a Member shall be deducted from any Member's claim paid during the Grace Period.
3. If a Subscriber loses eligibility by no longer being a member of a particular subclass within the Group, that Subscriber's coverage ceases automatically as of the end of the period for which current subscription charges have been paid. Coverage also ends for all other family members covered under this Subscriber's certificate of coverage.
4. If this Group ends (or cancels) this Contract for any reason, coverage for all Members ends automatically as of the cancellation date. No

benefits will be paid after this date, except as provided under Extension of Benefits or Extended Benefits.

5. The Group may cancel this Contract by giving written notice to BCBSHP at least sixty (60) days in advance. Coverage for all Subscribers ends automatically as of the cancellation date. Note: None of the above shall prejudice an existing claim.

6. Termination of Coverage (Group)
BCBSHP may cancel this Contract on the renewal date in the event of any of the following:

1. The Group fails to pay premiums in accordance with the terms of this Contract.
2. The Group performs an act or practice that constitutes fraud or intentional misrepresentation of material fact in applying for or procuring coverage.
3. The Group has fallen below our minimum employer contribution or group participation rules. We will submit a written notice to the Group and provide the Group 60 days to comply with these rules.
4. We terminate, cancel or non-renew all coverage under a particular policy form, provided that:
 - We provide at least 180 days notice of the termination of the policy form to all Members;
 - We offer the Group all other small group (employer) or large group (employer) policies, depending on the size of the Group, currently being offered or renewed by us for which you are otherwise eligible; and
 - We act uniformly without regard to the claims experience or any health status related factor of the individuals insured or eligible to be insured.

DEFINITIONS

Terms when capitalized in your certificate of coverage booklet have defined meanings, given in the section below or throughout the booklet sections.

Approved Amount -- the maximum amount a Dentist may charge for a Single Procedure.

Benefits (In-Network or Out-of-Network) -- the amounts that Delta Dental will pay for dental services under the Contract. In-Network Benefits are those covered by the Contract and performed by a Delta Dental PPO Dentist or Delta Dental Premier[®] Dentist. Out-of-Network Benefits are those covered by the Contract but performed by a Premier Dentist or Non-Delta Dental Dentist.

Claim Form -- the standard form used to file a claim or request Pre-Treatment Estimate for treatment.

Contract -- the written agreement under which Benefits are provided.

Contract Allowance -- the maximum amount Delta Dental will use for calculating the Benefits for a Single Procedure. The Contract Allowance for services provided:

- by Delta Dental PPO Dentists is the lesser of the Dentist's submitted fee, the Delta Dental PPO Dentist's Fee or the Dentist's filed fee with Delta Dental in the Participating Dentist Agreement.
- by Delta Dental Premier Dentists (who are not Delta Dental PPO Dentists) is the lesser of the Dentist's submitted fee, the Dentist's filed fee with Delta Dental in the Participating Dentist Agreement or the Maximum Plan Allowance; or
- by Non-Delta Dental Dentists is the lesser of the Dentist's submitted fee or the Maximum Plan Allowance.

Contractholder-- the employer, union or other organization or group contracting to obtain Benefits.

Delta Dental PPO Dentist (PPO Dentist) -- a participating Delta Dental Dentist who agrees to accept Delta Dental's PPO fees as payment in full and comply with Delta Dental's administrative guidelines. All PPO Dentists are also Premier Dentists. All PPO Dentists must be contracted in the Premier network.

Delta Dental PPO Dentist's Fee (PPO Dentist's Fee) -- the fee for each Single Procedure that PPO Dentists have contractually agreed to accept as payment in full for treating PPO Enrollees.

Delta Dental Premier® Dentist (Premier Dentist) -- a Dentist who contracts with Delta Dental or any other member company of the Delta Dental Plans Association and who agrees to abide by certain administrative guidelines. Not all Premier Dentists are PPO Dentists; however, all Premier Dentists agree to accept Delta Dental's Maximum Plan Allowance for each Single Procedure as payment in full.

Dentist -- a person licensed to practice dentistry when and where services are performed.

Dependent Enrollee -- a dependent of a Primary Enrollee who is eligible for Benefits under the Contract.

Effective Date -- the date the program starts. This date is given on the booklet cover.

Enrollee -- a Primary Enrollee or Dependent Enrollee enrolled to receive Benefits.

Maximum Plan Allowance (MPA) -- the maximum amount Delta Dental will reimburse for a covered procedure. Delta Dental establishes the MPA for each procedure through a review of proprietary filed fee data and actual submitted claims. MPAs are set annually to reflect charges based on actual submitted claims from providers in the same geographical area with similar professional standing. The MPA may vary by the type of network Dentist.

Non-Delta Dental Dentist -- a Dentist who is neither a Premier nor PPO Dentist and who is not contractually bound to abide by Delta Dental's administrative guidelines.

Open Enrollment Period -- the month of the year during which employees may change coverage for the next Contract Year.

Participating Dentist Agreement -- an agreement between a member of the Delta Dental Plans Association and a Dentist that establishes the terms and conditions under which services are provided.

Participating PPO Dentist Agreement (PPO Dentist Agreement) -- an agreement between a member of the Delta Dental Plans Association and a Dentist which establishes the terms and conditions under which covered services are provided under a PPO program.

Pre-Treatment Estimate -- an estimation of the allowable Benefits under the Contract for the services proposed, assuming the person is an eligible Enrollee.

Primary Enrollee -- any employee eligible for Benefits under the Contract.

Procedure Code -- the Current Dental Terminology (CDT) number assigned to a Single Procedure by the American Dental Association.

Qualifying Status Change -- a change in:

- legal marital status (marriage, divorce, legal separation, annulment or death);
- number of dependents (a child's birth, adoption of a child, placement of child for adoption, addition of a step or foster child or death of a child);

- dependent child ceases to satisfy eligibility requirements (limiting age, student status or marital status);
- residence (Enrollee, dependent spouse or child moves);
- a court order requiring dependent coverage; or
- any other current or future election changes permitted by IRC Section 125.

Single Procedure -- a dental procedure that is assigned a separate CDT number.

CHOICE OF DENTIST

Enrollees may choose a Dentist from Delta Dental's panel of PPO Dentists and Premier Dentists, or Enrollees may choose a Non-Delta Dental Dentist. A list of Delta Dental Dentists can be obtained by accessing the Delta Dental National Dentist Directory at www.deltadentalins.com. Enrollees are responsible for verifying whether the selected Dentist is a PPO Dentist or a Premier Dentist. Dentists are regularly added to the panel. Additionally, Enrollees should always confirm with the Dentist's office that a listed Dentist is still a participating PPO Dentist or Premier Dentist.

PPO Dentist

The PPO program potentially allows the greatest reduction in Enrollees' out-of-pocket expenses, since this select group of Dentists will provide dental Benefits at a charge which has been contractually agreed upon between Delta Dental and the PPO Dentist.

Premier Dentist

The Premier Dentist, which include specialists (endodontists, periodontists or oral surgeons), has not agreed to the features of the PPO program; however, you may still receive dental care at a lower cost than if you use a Non-Delta Dental Dentist.

Non-Delta Dental Dentist

If a Dentist is a Non-Delta Dental Dentist, the amount charged to Enrollees may be above that accepted by the PPO or Premier Dentists. Non-Delta Dental Dentists can balance bill for the difference between the MPA and the Non-Delta Dental Dentist's Approved Amount. For a Non-Delta Dental Dentist, the Approved Amount is the Dentist's submitted charge.

Additional advantages of using a PPO Dentist or Premier Dentist

- The PPO Dentist and Premier Dentist must accept assignment of Benefits, meaning PPO Dentists and Premier Dentists will be paid directly by Delta Dental after satisfaction of the deductible and coinsurance, and the Enrollee does not have to pay all the dental charges while at the dental office and then submit the claim for reimbursement.
- The PPO Dentist and Premier Dentist will complete the dental Claim Form and submit it to Delta Dental for reimbursement.

I-SOS provides referrals to 3,200 Dentists or dental clinics in nearly 200 countries worldwide. English-speaking operators are available around the clock to help you find a Dentist. For more information, check our web site at www.deltadentalins.com or call (800) 523-6586 from the United States. Once you leave the United States, you can call I-SOS at (215) 942-8226—collect.

When you see an I-SOS Dentist, you must pay for your treatment at the time of service and get a detailed receipt from the Dentist. In addition to providing the Dentist's name and address (including country), this receipt should describe the services performed by the Dentist and indicate the tooth or teeth that were treated. It should also indicate whether the Dentist's charges were billed in U.S. dollars or another currency.

Once we receive your claim, we will reimburse you subject to the terms and conditions of your Delta Dental coverage. Reimbursement is based on the out-of-network benefit provided through your group plan. As with any dental plan, this reimbursement may not cover the entire cost of the treatment rendered.

WHO IS ELIGIBLE?

Eligibility for Enrollment

You will become eligible to receive Benefits on the date stated in the Contract after completing any eligibility periods required by the Contractholder as stated in the Contract.

If your dependents are covered, they will be eligible when you are or as soon as they become dependents. Dependents are your:

- Lawful spouse;
- Unmarried dependent children from birth to their 19th birthday, or 26th birthday, if a full-time student in an accredited school. "Children" includes natural children, step-children, adopted children, and foster children. The child must be dependent on you for support. Newborn infants are eligible from the moment of birth. Adopted children are eligible from the date of placement for adoption or final decree of adoption, whichever occurs first.
- An unmarried child 19 years or older may continue to be eligible as a dependent if the child is not self-supporting because of mental incapacity or physical handicap that began before age 19 and the child is mostly dependent on the Primary Enrollee for support and maintenance. Proof of these facts must be given to Delta Dental or Contractholder within 31 days if it is requested. Proof will not be required more than once a year after the child is 21.

Dependents in military service are not eligible.

Enrollment Requirements

If you are paying all or a portion of premiums for yourself or your dependents then:

- You must enroll within 31 days after the date you become eligible or during an Open Enrollment Period.
- All dependents must be enrolled within 31 days after they become eligible or during an Open Enrollment Period.
- If you elect dependent coverage, you must enroll all of your Dependent Enrollees for coverage.
- [You must pay Premiums in the manner elected by the Contractholder and approved by Delta Dental. If coverage is dropped other than during an Open Enrollment Period or because of a Qualifying Status Change, you may not re-enroll except during an Open Enrollment Period.]
[You must pay Premiums in the manner elected by the Contractholder and approved by Delta Dental. Coverage cannot be dropped or changed other than during an Open Enrollment Period or because of a Qualifying Status Change.]
- [If you pay Premiums for Dependent Enrollees in the manner elected by the Contractholder and approved by Delta Dental until your dependents are no longer eligible or until you choose to drop dependent coverage and if coverage is dropped other than during an Open Enrollment Period, your dependents may not be re-enrolled at any time, unless there is a court order requiring dependent coverage.]
[If you pay Premiums for Dependent Enrollees in the manner elected by the Contractholder and approved by Delta Dental until your dependents are no longer eligible or until you choose to drop dependent coverage, coverage may not be changed at any time other than during an Open Enrollment Period or if there is a Qualifying Status Change.]
- If both you and your spouse are eligible persons, one of you may enroll as a Dependent Enrollee of the other. Dependent children may enroll as Dependent Enrollees of only one Primary Enrollee.
- A child who is eligible as a Primary Enrollee and a dependent can be insured under the Contract as a Primary Enrollee or as a Dependent Enrollee but not both at the same time.

Loss of Eligibility

Your coverage ends on the last day of the month you stop working for the Contractholder or immediately when this program ends. Your dependents' coverage ends when your coverage ends or on the date when dependent status is lost.

Continuation of Benefits

Delta Dental will not pay for Benefits for any services received after your coverage ends. However, Delta Dental will pay for a Single Procedure incurred when the person was covered if such procedure is completed within 31 days of the date coverage ends. A dental service is incurred as follows:

- for an appliance (or change to an appliance), at the time the impression is made;
- for a crown, bridge or cast restoration, at the time the tooth or teeth are prepared;
- for root canal therapy, at the time the pulp chamber is opened; and

- for all other dental services, at the time the service is performed or the supply furnished.

Strike, Lay-off and Leave of Absence

You and your dependents will not be covered for any dental services received while you are on strike, lay-off, an approved leave of absence or leave of absence, other than as required under the Family & Medical Leave Act of 1993*.

Benefits for you and your Dependent Enrollees will resume as follows:

- if coverage is reactivated in the same Calendar Year, deductibles and maximums will resume as if you were never gone; or
- if coverage is reactivated in a different Calendar Year, new deductibles and maximums will apply.

Coverage will resume the first day of the month after you return to work, provided you submit to Delta Dental an enrollment card requesting that coverage be reactivated.

*You and your dependents' coverage is not affected if you take a leave of absence allowed under the Family & Medical Leave Act of 1993. If you are currently paying any part of your premium, you may choose to continue coverage. If you do not continue coverage during the leave, you can resume that coverage on your return to active work as if no interruption occurred.

Important: The Family & Medical Leave Act does not apply to all companies, only those that meet certain size guidelines. See your Human Resources Department for complete information.

If you are rehired within the same Calendar Year, deductibles and maximums will resume as if you were never gone.

Continued Coverage Under USERRA

As required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), if you are covered by the Contract on the date your USERRA leave of absence begins, you may continue dental coverage for yourself and any covered dependents. Continuation of coverage under USERRA may not extend beyond the earlier of: 24 months beginning on the date the leave of absence begins or the date you fail to return to work within the time required by USERRA. For USERRA leave that extends beyond 31 days, the premium for continuation of coverage will be the same as for COBRA coverage.

Continuation of Coverage Under (COBRA)

COBRA (the Consolidated Omnibus Budget Reconciliation Act of 1985) provides a way for employees and their Dependent Enrollees who lose employer-sponsored group health plan coverage to continue coverage for a period of time. COBRA does not apply to all companies, only those that meet certain size guidelines. See your Human Resources Department for complete information.

DEDUCTIBLE

Your dental plan features a deductible. This is an amount you must pay out-of-pocket before Benefits are paid. The deductible amounts are listed on the Group Highlights page.

Only the Dentist's fees you pay for covered Benefits will count toward the deductible, but you do not have to pay a deductible for Diagnostic and Preventive Benefits or Orthodontic Benefits.

MAXIMUM AMOUNT

The Maximum Amount payable is shown on the Group Highlights page. There may be maximums on a yearly basis, a per services basis, or a lifetime basis.

However, Orthodontic Benefits, if provided, will end with the next payment due although the maximum has not been reached if you lose coverage, if treatment is stopped, or if the Contract with your employer is canceled.

BENEFITS, LIMITATIONS & EXCLUSIONS

Delta Dental will pay the Benefits for the types of dental services as described below. Delta Dental will pay Benefits only for covered services. These services must be provided by a Dentist and must be necessary and customary under generally accepted dental practice standards. Delta Dental may use dental consultants to review treatment plans, diagnostic materials and/or prescribed treatments to determine generally accepted dental practices. If you receive dental services from a Dentist outside the state of **Georgia**, the Dentist will be reimbursed according to Delta Dental's network payment provisions for said state according to the terms of this Contract. PPO, Premier and Non-Delta Dental Dentists will be reimbursed at least the same amount.

If a primary dental procedure includes component procedures that are performed at the same time as the primary procedure, the component procedures are considered to be part of the primary procedure for purposes of determining the benefit payable under the Contract. Even if the Dentist bills separately for the primary procedure and each of its component parts, the total benefit payable for all related charges will be limited to the maximum benefit payable for the primary procedure.

Enrollee Coinsurance

Delta Dental's provision of Benefits is limited to the applicable percentage of Dentist's fees specified in the Group Highlights. You are responsible for paying the remaining applicable percentage of any such fees, known as the "Enrollee Coinsurance". Your group has chosen to require Enrollee Coinsurances under this program as a method of sharing the costs of providing dental Benefits between Contractholder and Enrollees.

If the Dentist discounts, waives or rebates any portion of the Enrollee Coinsurance to the Enrollee, Delta Dental will be obligated to provide as Benefits only the applicable percentages of the Dentist's fees reduced by the amount of such fees that is discounted, waived or rebated.

BENEFITS

Delta Dental will pay or otherwise discharge the percentage of Contract Allowance shown on the Group Highlights page for covered services.

Diagnostic and Preventive Benefits:

- Diagnostic: procedures to assist the Dentist in choosing required dental treatment.
- Preventive: prophylaxis (cleaning, periodontal cleaning in the presence of gingival inflammation is considered to be periodontal (a Major Benefit) for payment purposes), topical application of fluoride solutions, space maintainers and bite-wing x-rays.

Basic Benefits:

- Palliative: treatment to relieve pain.
- Sealants: topically applied acrylic, plastic or composite materials used to seal developmental grooves and pits in permanent molars for the purpose of preventing decay.
- Restorative: amalgam, synthetic porcelain, plastic restorations (fillings) and prefabricated stainless steel restorations for treatment of carious lesions (visible destruction of hard tooth structure resulting from the process of decay).
- X-rays: full mouth x-rays.

Major Benefits:

- Oral Surgery: extractions and other surgical procedures (including pre-and post-operative care).
- General Anesthesia: when administered by a Dentist for a covered oral surgery procedure.
- Endodontics: treatment of the tooth pulp.
- Periodontics: treatment of gums and bones supporting teeth.
- Denture Repairs: repair to partial or complete dentures including rebase procedures and relining.

- Crowns, Inlays/Onlays and Cast Restorations: treatment of carious lesions (visible decay of the hard tooth structure) when teeth cannot be restored with amalgam, synthetic porcelain or plastic restorations.
- Prosthodontics: procedures for construction or repair of fixed bridges, partial or completed denture.

Orthodontic Benefits:

Procedures performed by a Dentist, involving the use of an active orthodontic appliance and post-treatment retentive appliances for treatment of malalignment of teeth and/or jaws which significantly interferes with their functions.

Note on additional benefits during pregnancy - When an Enrollee is pregnant, Delta Dental will pay for additional services to help improve the oral health of the Enrollee during the pregnancy. The additional services each 12 month period while the Enrollee is covered under this Contract include: one (1) additional oral exam and either one (1) additional routine cleaning or one (1) additional periodontal scaling and root planing per quadrant. Written confirmation of the pregnancy must be provided by the Enrollee or her dentist when the claim is submitted.

LIMITATIONS

Limitations on Diagnostic and Preventive Benefits:

- Routine oral examinations and cleanings (including periodontal cleanings) are provided no more than twice in any 12 month period while the person is an Enrollee under any Delta Dental program or dental care program provided by the Contractholder. Note that periodontal cleanings are covered as a Major Benefit and routine cleanings are covered as a Diagnostic and Preventive Benefit. See note on additional benefits during pregnancy.
- Bitewing x-rays are provided once each 12 months for you and your spouse and twice in a 12 month period for your Dependent Child Enrollees.
- Topical application of fluoride solutions is limited to Enrollees under age 19.
- Space maintainers are limited to the initial appliance only and to Enrollees under age 14.

Limitations on Basic Benefits:

- Full-mouth x-rays or panoramic x-rays will be provided by the Dentist when required, but Delta Dental will only pay for these services once every five (5) years under any Delta Dental program.
- Sealants are limited as follows:
 - (1) to permanent first molars through age eight (8) and to permanent second molars through age 15 if they are without cavities or restorations on the occlusal surface.
 - (2) Sealants do not include repair or replacement of a sealant on any tooth within two (2) years of its application.
- Delta Dental will not pay to replace an amalgam, synthetic porcelain or plastic restorations (fillings) or prefabricated stainless steel restorations within 24 months of treatment if the service is provided by the same Dentist.
- Delta Dental limits payment for stainless steel crowns under this section to services on baby teeth. However, after consultant's review, Delta Dental may allow stainless steel crowns on permanent teeth as a Major Benefit.

Limitations on Major Benefits:

- Benefits for periodontal scaling and root planing in the same quadrant are limited to once in every 24-month period. See note on additional benefits during pregnancy.
- Delta Dental will not pay to replace any crowns, inlays/onlays, or cast restorations which the Enrollee received in the previous five (5) years under any Delta Dental program or any program of the Contractholder.
- Prosthodontic appliances and/or implants that were provided under any Delta Dental program will be replaced only after five (5) years have passed, except when Delta Dental determines that there is such extensive loss of remaining teeth or change in supporting tissue that the existing fixed bridge or denture cannot be made satisfactory. Replacement of a prosthodontic appliance and/or implant supported prosthesis not provided under a Delta Dental program will be made if Delta Dental determines it is unsatisfactory and cannot be made satisfactory. Delta Dental will pay for the removal of an implant once for each tooth during the Enrollee's lifetime.
- [The initial installation of a prosthodontic appliance and/or implants is not a Benefit unless the prosthodontic appliance and/or implant, bridge or denture is made necessary by natural, permanent teeth extraction occurring during a time the Enrollee was eligible [under a Delta Dental program / or Contractholder's prior plan].]
- Delta Dental limits payment for dentures to a standard partial or denture (coinsurances apply). A standard denture means a removable appliance to replace missing natural, permanent teeth that is made from acceptable materials by conventional means.

Limitations on Orthodontic Benefits:

- Payment for orthodontics is provided monthly.
- Orthodontic Benefits begin with the first payment due after the person becomes covered, if treatment has begun.
- Benefits end with the next payment due after loss of coverage. Benefits end immediately if treatment stops or if the Contract is terminated, whichever occurs first.
- Benefits are not paid to repair or replace any Orthodontic appliance furnished, in whole or in part, under this program.
- [Orthodontic Benefits are limited to dependent child enrollees under age 19 [or 26 if full-time student].
- X-rays or extractions are not subject to the Orthodontic maximum.
- Surgical procedures are not subject to the Orthodontic maximum.

Limitations on All Benefits - Optional Services that are more expensive than the form of treatment customarily provided under accepted dental practice standards are called "Optional Services". Optional Services also include the use of specialized techniques instead of standard procedures. For example:

- a crown where a filling would restore the tooth;
- a precision denture/partial where a standard denture/partial could be used;
- an inlay/onlay instead of an amalgam restoration;
- a composite restoration instead of an amalgam restoration on posterior teeth.

If you receive Optional Services, Benefits will be based on the lower cost of the customary service or standard practice instead of the higher cost of the Optional Service. You will be responsible for the difference between the higher cost of the Optional Service and the lower cost of the customary service or standard procedure.

EXCLUSIONS**Delta Dental does not pay Benefits for:**

- treatment of injuries or illness covered under workers' compensation or employers' liability laws; services received without cost from any federal, state or local agency, unless this exclusion is prohibited by law.
- cosmetic surgery or dentistry for purely cosmetic reasons.
- services for congenital (hereditary) or developmental (following birth) malformations, including but not limited to cleft palate, upper and lower jaw malformations, enamel hypoplasia (lack of development), fluorosis (a type of discoloration of the teeth) and anodontia (congenitally missing teeth), except those services provided to newborn or adopted children (under the age of 18) for medically diagnosed congenital defect or abnormalities.
- treatment to restore tooth structure lost from wear, erosion or abrasion; treatment to rebuild or maintain chewing surfaces due to teeth out of alignment or occlusion; or treatment to stabilize the teeth. Examples include but are not limited to: equilibration, periodontal splinting or occlusal adjustment.
- any Single Procedure started prior to the date the person became covered for such services under this program.
- prescribed drugs, medication, pain killers or experimental procedures.
- charges by any hospital or other surgical or treatment facility and any additional fees charged by the Dentist for treatment in any such facility.
- charges for anesthesia, other than by a licensed Dentist for administering general anesthesia in connection with covered oral surgery services.
- extraoral grafts (grafting of tissues from outside the mouth to oral tissues).
- treatment performed by someone other than a Dentist or a person who by law may work under a Dentist's direct supervision.
- charges incurred for oral hygiene instruction, a plaque control program, dietary instruction, x-ray duplications, cancer screening or broken appointments.

- services or supplies covered by any other health plan of the Contractholder.
- treatment rendered by a person who ordinarily resides in your household or who is related to you (or to your spouse) by blood, marriage or legal adoption.
- [the initial placement of any prosthodontic appliance, unless such placement is needed to replace one or more natural, permanent teeth extracted while the Enrollee is covered under this Contract or was covered under [any dental care program with Delta Dental / the Contractholder's prior dental plan]. The extraction of a third molar (wisdom tooth) will not qualify under the above. Any such Prosthodontic appliance or implant must include the replacement of the extracted tooth or teeth.]
- services for Orthodontic treatment (treatment of malocclusion of teeth and/or jaws) except as provided under the Orthodontic Benefits section if applicable.
- services for any disturbances of the temporomandibular (jaw) joints.

COORDINATION OF BENEFITS

Delta Dental matches the Benefits under this program with your Benefits under any other group prepaid program or Benefit plan including another Delta Dental plan. (This does not apply to a blanket school accident policy). Benefits under one of the programs may be reduced so that your combined coverage does not exceed the Dentist's fees for the covered services. If this is the "primary" program, Delta Dental will not reduce Benefits, but if the other program is the primary one, Delta Dental will reduce Benefits otherwise payable under this program. The reduction will be the amount paid for or provided under the terms of the primary program for services covered under the Contract (see Benefits and Limitations).

- How does Delta Dental determine which Plan is the "primary" program?
 - (1) If the other Plan is not primarily a dental plan, this Plan is primary.
 - (2) If the other Plan is a dental program, the following rules are applied:
 - a) the Plan covering the Enrollee as an employee is primary over a Plan covering the Enrollee as a dependent.
 - b) the Plan covering the Enrollee as an employee is primary over a Plan which covers the insured person as a dependent; except that: if the insured person is also a Medicare beneficiary, and as a result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:
 - i) secondary to the Plan covering the insured person as a dependent and
 - ii) primary to the Plan covering the insured person as other than a dependent (e.g. a retired employee), then the benefits of the Plan covering the insured person as a dependent are determined before those of the Plan covering that insured person as other than a dependent.
 - (3) Except as stated below, when this Plan and another Plan cover the same child as a dependent of different persons, called parents:
 - a) The benefits of the Plan of the parent whose birthday falls earlier in a year are determined before those of the Plan of the parent whose birthday falls later in that year, but
 - b) If both parents have the same birthday, the benefits of the Plan which covered one parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
 - c) However, if the other Plan does not have the birthday rule described above, but instead has a rule based on the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other Plan will determine the order of benefits.
 - d) In the case of a dependent child of legally separated or divorced parents, the Plan covering the Enrollee as a dependent of the parent with legal custody, or as a dependent of the custodial parent's spouse (i.e. step-parent) will be primary over the Plan covering the Enrollee as a dependent of the parent without legal custody. If there is a court decree which would otherwise establish financial responsibility for the health care expenses with respect to the child, the benefits of a Plan which covers the child as a dependent of the parent with such financial responsibility will be determined before the benefits of any other policy which covers the child as a dependent child.

If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child will follow the order of benefit determination rules outlined in (3) a) through (3) c).

- (4) The benefits of a Plan which covers an insured person as an employee who is neither laid off nor retired are determined before those of a Plan which covers that insured person as a laid off or retired employee. The same would hold true if an insured person is a dependent of a person covered as a retiree and an employee. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
- (5) If an insured person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Plan, the following will be the order of benefit determination:
- First, the benefits of a Plan covering the insured person as an employee or Primary Enrollee (or as that insured person's dependent);
 - Second, the benefits under the continuation coverage.
- If the other Plan does not have the rule described above, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
- (6) If none of the above rules determine the order of benefits, the benefits of the plan which covered an employee longer are determined before those of the Plan which covered that insured person for the shorter term.

CLAIMS

Claims for Benefits must be filed on a standard Claim Form which you or your Dentist may obtain from:

Delta Dental Insurance Company
P.O. Box #1809
Alpharetta, Georgia 30023
(800) 521-2651

PRE-TREATMENT ESTIMATE

A Dentist may file a Claim Form before treatment, showing the services to be provided to an Enrollee. Delta Dental will predetermine the amount of Benefits payable under the Contract for the listed services. Benefits will be processed according to the terms of the Contract when the treatment is performed. Pre-Treatment Estimates are valid for 60 days, or until an earlier occurrence of any one of the following events:

- the date the Contract terminates;
- the date the Enrollee's coverage ends; or
- the date the PPO Dentist's or Premier Dentist's agreement with Delta Dental ends.

CLAIMS APPEAL

Delta Dental will notify the Primary Enrollee if Benefits are denied for services submitted on a Claim Form, in whole or in part, stating the reason(s) for denial. The Enrollee has 180 days after receiving a notice of denial to appeal it by writing to Delta Dental giving reasons why the denial was wrong. The Enrollee may also ask Delta Dental to examine any additional information he/she includes that may support his/her appeal.

Delta Dental will make a full and fair review within 60 days after Delta Dental receives the request for appeal. Delta Dental may ask for more documents if needed. In no event will the decision take longer than 60 days. The review will take into account all comments, documents, records or other information, regardless of whether such information was submitted or considered initially. If the review is of a denial based in whole or in part on lack of dental necessity, experimental treatment or clinical judgment in applying the terms of the Contract, Delta Dental shall consult with a Dentist who has appropriate training and experience. The review will be conducted for Delta Dental by a person who is neither the individual who made the claim denial that is subject to the review, nor the subordinate of such individual. The identity of such dental consultant is available upon request whether or not the advice was relied upon.

If the Enrollee believes he/she needs further review of said claim, he/she may contact his/her state insurance regulatory agency if applicable or bring a civil action under section 502(a) of the Employee Retirement Income Security Act of 1974 (ERISA) if the Contract is subject to ERISA.

CANCELLATION OF CONTRACT

Delta Dental may cancel the Contract only:

- on an anniversary of the Effective Date upon 60 days written notice; or
- if your employer does not pay the monthly premiums upon 31 days written notice; or
- if your employer does not provide a list of who is eligible upon 60 days written notice; or
- if less than the minimum number of Primary Enrollees required under the Contract are reported eligible for three (3) months or more, upon 15 days written notice.

PROVISIONS REQUIRED BY LAW

Clinical Examination

Before approving a claim, Delta Dental will be entitled to receive, to such extent as may be lawful, from any attending or examining Dentist, or from hospitals in which a Dentist's care is provided, such information and records relating to attendance to or examination of, or treatment provided to, an Enrollee as may be required to administer the claim, or that an Enrollee be examined by a dental consultant retained by Delta Dental, at its expense, in or near his community or residence. Delta Dental will in every case hold such information and records confidential.

Notice of Claim Forms

Delta Dental will give any Dentist or Enrollee, on request, a standard Claim Form to make claim for Benefits. To make a claim, the form must be completed and signed by the Dentist who performed the services and by the Enrollee (or the parent or guardian if the Enrollee is a minor) and submitted to Delta Dental.

If the form is not furnished by Delta Dental within 10 days after requested by a Dentist or Enrollee, the requirements for proof of loss set forth in the next paragraph will be deemed to have been complied with upon the submission to Delta Dental, within the time established in said paragraph for filing proofs of loss, of written proof covering the occurrence, the character and the extent of the loss for which claim is made.

Written Notice of Claim/Proof of Loss

Delta Dental must be given written proof of loss within 90 days after the date of the loss. If it is not reasonably possible to give written proof in the time required, the claim will not be reduced or denied solely for this reason, provided proof is filed as soon as reasonably possible. In any event, proof of loss must be given no later than one year from such time (unless the claimant was legally incapacitated).

All written proof of loss must be given to Delta Dental within 6 months of the termination of the Contract.

Time of Payment

Indemnities payable under the Contract for any loss other than loss for which the Contract provides any periodic payment will be processed:

- within 15 working days after receipt of due written proof of such loss. If additional information is requested to process the claim, Delta Dental will notify the Primary Enrollee and the Dentist within 15 working days of written proof of loss. Any undisputed portion of the claim will be processed within the 15 working days; and
- within 15 working days after the requested information is received for any disputed portion of the claim.

Claims not processed as stated above are subject to a charge of 18 percent interest per annum. Subject to due written proof of loss, all accrued indemnities for loss for which the Contract provides periodic payment will be paid monthly and any balance remaining upon the termination of liability will be paid immediately upon receipt of due written proof.

To Whom Benefits are Paid

PPO Dentists and Premier Dentists will be paid directly. Any other payments provided by the Contract will be made to the Primary Enrollee, unless the Enrollee requests when filing a proof of loss claim that the payment be made directly to the Dentist providing the services. All Benefits not paid to the Dentist will be payable to the Enrollee, or to his estate, except that if the person is a minor or otherwise not competent to give a valid release, Benefits may be payable to the parent, guardian or other person actually supporting him.

Misstatements on Application; Effect

In the absence of fraud or intentional misrepresentation of material fact in applying for or procuring coverage under the Contract, all statements made by you or the Contractholder will be deemed representations and not warranties. No such statement will be used in defense to a claim under the Contract, unless it is contained in a written application.

Any misrepresentation, omission, concealment of fact or incorrect statement which is material to the acceptance of risk may prevent recovery if, had the true facts been known to Delta Dental, Delta Dental would not in good faith have issued the contract at the same premium rate. If any misstatement would materially affect the rates, Delta Dental reserves the right to adjust the premium to reflect your actual circumstances at enrollment.

Legal Actions

No action at law or in equity will be brought to recover on the Contract prior to expiration of 60 days after proof of loss has been filed in accordance with requirements of the Contract, nor will an action be brought at all unless brought within three (3) years from expiration of the time within which proof of loss is required by the Contract.

THIS CERTIFICATE OF COVERAGE CONSTITUTES ONLY A SUMMARY OF THE DENTAL INSURANCE CONTRACT. THE COMPLETE CONTRACT MUST BE CONSULTED TO DETERMINE THE EXACT TERMS AND CONDITIONS OF COVERAGE.

ARTICLE 2 ELIGIBILITY AND ENROLLMENT

- 2.01 **Reporting**
On or before the Effective Date, Contractholder will furnish to Delta Dental, in writing or in electronic media format agreed by Delta Dental and the Contractholder, a listing of eligible Primary Enrollees and Dependent Enrollees. The listing must show the names, Enrollee ID numbers, dates of hire, dates of birth, dependent status and location codes, if any. The eligibility list shall include all active employees unless the employee waives coverage in writing or the Eligible Employee enrolls in an alternate dental plan offered by Contractholder.

Thereafter, before the 10th of each month, Contractholder must furnish to Delta Dental in the format agreed to above, a listing indicating specific additions, changes or terminations made during the prior month.

Contractholder will notify Delta Dental in writing of any requests for Premium adjustments for Enrollees who should have been terminated in the event Delta Dental was not previously notified of the termination(s). Said termination date will be adjusted retroactively to the immediately preceding 3 months plus the current month, provided:

- a) no claims were submitted to be processed on said Enrollee subsequent to the date of retroactive termination; and
- b) Premiums were actually paid for the Enrollee subsequent to the date of retroactive termination.

Delta Dental will notify the Contractholder in writing of the revised termination date and Premiums will be adjusted accordingly.

Delta Dental will not pay any Benefits for an Enrollee or Dependent Enrollee if proof of eligibility is not submitted. Also, Delta Dental will not pay Benefits for an Enrollee if Premiums are not paid for the month in which dental services are rendered.

- 2.02 Contractholder will permit Delta Dental to audit Contractholder's records to check whether the lists of Primary Enrollees are correct and to confirm compliance with Article 3. Delta Dental will give Contractholder written notice within a reasonable time before the audit date.

2.03 **Eligible Employees**

[All [retired employees and] present permanent employees of the Contractholder, working [XX] hours per week are eligible on the Effective Date.

All future permanent employees of the Contractholder, working [XX] hours per week will become eligible on the [date of hire] [day following XX days/months of continuous employment] [first day of the month following XX number of days / months of continuous employment] [first day of the month following date of hire].]

2.04 **Eligible Dependents**

Eligible Dependents of an Eligible Employee are:

- Lawful spouse;
- An unmarried child from birth to their 19th birthday, or 26th birthday if a full-time student in an accredited school. "Children" include natural children, step-children, adopted children and foster children.

The child must be dependent on the Eligible Person for support. Newborn infants are eligible from the moment of birth. Adopted children are eligible from the date of placement for adoption or final decree of adoption, whichever occurs first. An unmarried child 19 years or older may continue to be eligible as a dependent if the child is not self-supporting because of mental incapacity or physical handicap that began before age 19 and the child is mostly dependent on the Eligible Person for support and maintenance. Proof of these facts must be given to Delta Dental or Contractholder within 31 days if it is requested. Proof will not be required more than once a year after the child is 21.

Dependents in military service are not eligible.

2.05 **Enrollment of Eligible Employees and Eligible Dependents**

- [If Contractholder pays the entire cost of coverage for all Eligible Employees [and Eligible Dependents], all Primary Enrollees [and Dependent Enrollees] are automatically covered under this Contract.]
[If the Primary Enrollee must contribute any portion of the cost of coverage, Eligible Employees must enroll to be covered under this Contract. Enrollment must be within 31 days after first becoming eligible or during an Open Enrollment Period. If coverage is dropped other than during an Open Enrollment Period or because of a Qualifying Status Change, the Primary Enrollee may not re-enroll except during an Open Enrollment Period.]
[If the Primary Enrollee must contribute any portion of the cost of coverage, Eligible Employees must enroll to be covered under this Contract. Enrollment must be within 31 days after first becoming eligible or during an Open Enrollment Period. Coverage cannot be dropped or changed other than during an Open Enrollment Period or because of a Qualifying Status Change.]

- [If the Primary Enrollee is paying all or a portion of the cost for coverage for Dependent Enrollees in the manner elected by the Contractholder and approved by Delta Dental, Eligible Dependents must be enrolled within 31 days after the date becoming eligible or during the Open Enrollment Period. If Dependent Enrollees coverage is dropped other than during an Open Enrollment Period or because of a Qualifying Status Change, dependents may not be re-enrolled at any time, unless there is a court order requiring dependent coverage.]
[If the Primary Enrollee is paying all or a portion of the cost for coverage for Dependent Enrollees in the manner elected by the Contractholder and approved by Delta Dental, Eligible Dependents must be enrolled within 31 days after the date becoming eligible or during an Open Enrollment Period. Coverage may not be changed at any time other than during an Open Enrollment Period or if there is a Qualifying Status Change.]
- If both spouses are Eligible Employees, one may enroll as a Dependent Enrollee of the other. Dependent children may enroll as Dependent Enrollees of only one Primary Enrollee.
- All Eligible Dependents must be enrolled as Dependent Enrollees if dependent coverage is elected.
- A child who is eligible as a Primary Enrollee and a dependent can be insured under this Contract as a Primary Enrollee or a Dependent Enrollee but not both at the same time.

2.06 Except for an employee absent from work due to a leave of absence governed by the “Family & Medical Leave Act of 1993” (P.L. 103.3), an Enrollee will not be covered for any dental services received while a Primary Enrollee is on strike, lay-off or leave of absence. Contractholder must inform Delta Dental of any change in eligibility as required under section 2.01.

Benefits for such Primary Enrollee and his/her Eligible Dependents will resume as follows:

- If coverage is reactivated in the same Calendar Year, deductibles and maximums will resume as if the Primary Enrollee were never gone.
- If coverage is reactivated in a different Calendar Year, new deductibles and maximums will apply.

Coverage will resume the first day of the month after the Primary Enrollee returns to work provided the Primary Enrollee submits to Delta Dental an enrollment card requesting that coverage be reactivated.

If an employee is rehired within the same Calendar Year, deductibles and maximums will resume as if the Primary Enrollee was never gone.

2.07 A Primary Enrollee loses coverage on the last day of the month of employment or on the day this Contract is terminated. Dependent Enrollees lose coverage along with the Primary Enrollee or on the date dependent status is lost.

Termination of Benefits on Loss of Eligibility

Delta Dental will not pay for Benefits for any services received by a person who is not an Enrollee at the time of treatment except for a Single Procedure incurred when the person was covered if such procedure is completed within 31 days of the date coverage ends. A dental service is incurred as follows:

- for an appliance (or change to an appliance), at the time the impression is made;
- for a crown, bridge or cast restoration, at the time the tooth or teeth are prepared;
- for root canal therapy, at the time the pulp chamber is opened; and
- for all other dental services, at the time the service is performed or the supply furnished.

Contractholder will reimburse Delta Dental for any payments made because of errors in Contractholder’s reports under Section 2.01.

2.08 Continued Coverage Under USERRA

As required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), if a Primary Enrollee is covered by this Contract on the date his or her USERRA leave of absence begins, the Primary Enrollee may continue dental coverage for himself or herself and any covered dependents. Continuation of coverage under USERRA may not extend beyond the earlier of: 24 months beginning on the date the leave of absence begins or the date the Primary Enrollee fails to return to work within the time required by USERRA. For USERRA leave that extends beyond 31 days, the Premium for continuation of coverage will be the same as for COBRA coverage.

2.09 Continuation of Coverage Under COBRA

When the Eligible Employees of a Contractholder are covered under the Consolidated Omnibus Budget Reconciliation Act of 1985, then in consideration of the payments specified in Article 3, Delta Dental agrees to provide the Benefits to Enrollees who elect continued coverage pursuant to this section.

- *Right to Continue.*

(1) Coverage may continue in accordance with the following provisions when:

a) the Primary Enrollee or Dependent Enrollee becomes ineligible for coverage under this Contract due to a Qualifying Event.

i) **“Qualifying Event”** means one of the following events, if it would otherwise result in a Qualified COBRA Beneficiary’s loss of coverage under this Contract:

- the Primary Enrollee’s termination of employment;
- the Primary Enrollee’s death;
- divorce or legal separation from the Primary Enrollee,
- the Primary Enrollee becoming entitled to Medicare benefits;
- a dependent child ceasing to meet the description of a dependent child; or
- a bankruptcy proceeding under Title 11, United States Code with respect to Contractholder, which results in a substantial elimination of coverage (within one year before or one year after the date of commencement of the proceeding) of a retired Primary Enrollee (who retired on or before the date of substantial elimination of coverage), or of a Dependent Enrollee of a retired Primary Enrollee.

ii) **“Qualified Beneficiary”** means the Primary Enrollee and any Dependent Enrollee who is entitled to continue coverage under this Contract from the date of the Primary Enrollee’s first Qualifying Event. It also includes the Primary Enrollee’s natural child, legally adopted child or child placed for the purpose of adoption when the new child:

- is acquired during the Primary Enrollee’s 18 or 29 month continuation period; and
- is enrolled for coverage in accordance with the terms of this Contract.

But it does not include the Primary Enrollee’s new spouse, stepchild or foster child acquired during the continuation period, whether or not the new Dependent is enrolled for coverage.

b) this Contract remains in force.

- *Continuation Periods.* The maximum period of continued coverage for each Qualifying Event will be as follows:

(1) *Termination of Employment.* When eligibility ends due to the Primary Enrollee’s termination of employment; then coverage for the Primary Enrollee and any Dependent Enrollee may be continued for up to 18 months, from the date employment ended. Termination of employment includes a reduction in hours or retirement.

However, exceptions apply as follows:

a) *Misconduct.* If the Primary Enrollee’s termination of employment is for gross misconduct, coverage may not be continued for the Primary Enrollee or any Dependent Enrollee.

b) *Disability.* **“Disability”** or **“Disabled”** as used in this section will be as defined by Title II or XVI of the Social Security Act and determined by the Social Security Administration.

i) If the Primary Enrollee:

- becomes disabled by the 60th day after his or her employment ends; and
- is covered for Social Security Disability Income benefits;

then coverage for the Primary Enrollee and any Dependent Enrollees may be continued for up to 29 months from the date the Primary Enrollee’s employment ended.

ii) If the Dependent Enrollee:

- becomes disabled by the 60th day after the Primary Enrollee’s employment ends; and
- is covered for Social Security Disability Income benefits;

then coverage for that Dependent Enrollee, the Primary Enrollee and any other Dependent Enrollees may be continued for up to 29 months from the date the Primary Enrollee’s employment ended.

However, in the case of a newborn child or an adopted child, the 60 day period as stated above will begin on the date of birth or on the date of placement in the home.

- iii) If the Primary Enrollee or Dependent Enrollee becomes disabled as described above in i) or ii) respectively, the Primary Enrollee must send the Contractholder a copy of the Social Security Administration's letter:
 - within 60 days after they find that the Primary Enrollee or Dependent Enrollee is disabled, and before the 18 month continuation period expires; and again
 - within 31 days after they find that he or she is no longer disabled.
 - c) *Subsequent Qualifying Event.* If the Primary Enrollee's Dependent:
 - i) is a Qualified Beneficiary; and
 - ii) has a subsequent Qualifying Event during the 18 or 29 month continuation period; then coverage for that Dependent Enrollee may be continued for up to 36 months from the date the Primary Enrollee's employment ended.
- (2) *Loss of Dependent Eligibility.* If a Dependent Enrollee's eligibility ends due to a Qualifying Event other than the Primary Enrollee's termination of employment, then that Dependent Enrollee's coverage may be continued for up to 36 months from the date of the event. Such events may include:
 - a) the Primary Enrollee's death, divorce, legal separation or Medicare entitlement; and
 - b) a child reaching the age limit, getting married or ceasing to be a full-time student.

The Primary Enrollee must notify the Contractholder within 60 days of a divorce, a legal separation or child's ceasing to be an eligible Dependent (as defined by this Contract). One or more subsequent Qualifying Events may occur during the Dependent Enrollee's 36 month period of continued coverage, but coverage may not be continued beyond 36 months from the date of the first event.
- (3) *Medicare Entitlement.* If the Primary Enrollee's eligibility under this Contract ends when he or she becomes entitled to Medicare benefits, then coverage may not be continued for the Primary Enrollee, but coverage may be continued for any Dependent Enrollees for up to 36 months from the Primary Enrollee's Medicare entitlement date.
 - a) If the Primary Enrollee's eligibility under this Contract continues beyond Medicare entitlement but later ends upon termination of employment or retirement, then any Dependent Enrollee may continue coverage for up to:
 - (i) 36 months from the Primary Enrollee's Medicare entitlement date; or
 - (ii) 18 months from the date the Primary Enrollee's employment ended (whichever is later).
- *Election.*
 - (1) To continue coverage, the Primary Enrollee or Dependent Enrollees must notify the Contractholder of such election within 60 days from the later of:
 - a) the date of the Qualifying Event;
 - b) the date of loss of coverage; or
 - c) the date the Contractholder sends notice of the right to continue.
 - (2) Continued coverage elected under this section will be effective on the date after the person's coverage under this Contract would otherwise terminate due to the occurrence of a Qualifying Event, provided:
 - a) the person has notified the Contractholder within the applicable time period stated above, and
 - b) initial Premium for continued coverage has been received within 45 days after the person's notification.
- *Termination.* Continued coverage will end at the earliest of the following dates:
 - (1) the end of the maximum period for continued coverage shown above;
 - (2) the date this Contract terminates;
 - (3) the last day of the period for which premium has been paid, if any Premium is not paid when due;
 - (4) the date after the date of the initial election to continue coverage on which the Primary Enrollee or Dependent Enrollee:
 - a) first becomes covered under any other group dental plan; or
 - b) first becomes eligible for benefits for Medicare.

Once coverage ends, it cannot be reinstated.

ARTICLE 3 MONTHLY PREMIUMS

- 3.01 Contractholder will remit the monthly Premium in the amount and manner shown in Appendix A for all Primary Enrollees and Dependent Enrollees to:
- Delta Dental Insurance Company
Mail Stop 12 B
Post Office Box 7564
San Francisco, CA 94120
- 3.02 This Contract will not be in effect until Delta Dental receives the first month's Premiums. Subsequent Premiums will be paid by the first day of each month. For each Premium after the first, a grace period of 31 days from the due date will be allowed for the payment of the Premium. This Contract will continue in force during this period; if the Premium remains unpaid at the end of the grace period, this Contract may be terminated by Delta Dental in accordance with the notice requirements of Section 8.01.
- 3.03 If this Contract is terminated before the end of a Contract Term, Contractholder will pay additional charges in accordance with Article 8.
- 3.04 Delta Dental will not be responsible or liable for any incorrect, obsolete or unreadable data or information supplied to Delta Dental including, but not limited to, eligibility and enrollment information.
- 3.05 Delta Dental may change the rate of monthly Premium whenever the Contract is amended as stated in Article 3.06, or whenever the Contractholder requests a change in benefits. Any change in Premium shall not be effective during a Contract Term unless Contractholder and Delta Dental agree in writing, except as provided in Articles 3.06 and 3.07.
- 3.06 Premiums are based on the number of covered employees at the beginning of each Contract Term. If the Contractholder reports a 15 percent addition or reduction in the number of covered Primary Enrollees for three (3) months in a row, Delta Dental may propose a choice of changes in Premiums or Benefits to remedy the increase in cost per person which may result from the difference in the number of enrolled employees. Within 31 days, Contractholder will select one of the choices by written notice to Delta Dental. If Contractholder fails to do so, Delta Dental may select one of the choices by written notice to Contractholder. This Contract will be modified for all dental services predetermined and paid after notice.
- 3.07 If during the Contract Term any new or increased tax is imposed on the amounts payable to Delta under this Contract, the amount stated in Appendix A will be increased by the amount of any such new or increased taxes.

ARTICLE 4 BENEFITS, LIMITATIONS AND EXCLUSIONS

- 4.01 Subject to the limitations and exclusions in this Contract, Delta Dental will pay the Benefits stated for each type of dental service described below when provided by a Dentist and when necessary and customary under generally accepted dental practice standards. Delta Dental may use dental consultants to review treatment plans, diagnostic materials and/or prescribed treatments to determine generally accepted dental practices. Additional eligibility periods, if any, for specific services are shown in Appendix A. If an Enrollee receives dental services from a Dentist outside the state of Georgia, the Dentists will be reimbursed according to Delta Dental's network payment provisions for said state according to the terms of this Contract. PPO Dentists, Premier Dentists and Non-Delta Dental Dentists will be reimbursed at the same amount.

If a primary dental procedure includes component procedures that are performed at the same time as the primary procedure, the component procedures are considered to be part of the primary procedure for purposes of determining the benefit payable under this Contract. Even if the Dentist bills separately for the primary procedure and each of its component parts, the total benefit payable for all related charges will be limited to the maximum benefit payable for the primary procedure.

4.02 No change in Benefits will become effective during a Contract Term unless Contractholder and Delta Dental agree in writing.

4.03 **Enrollee Coinsurance**

Delta Dental's provision of Benefits is limited to the applicable percentage of Dentist's fees or allowances specified in Appendix A. The Enrollee is responsible for paying the balance of any such fee or allowance, known as the "Enrollee Coinsurance". Contractholder has chosen to require Enrollee Coinsurances under this program as a method of sharing the costs of providing dental Benefits between Contractholder and Enrollees. If the Dentist discounts, waives or rebates any portion of the Enrollee Coinsurance to the Enrollee, Delta Dental will be obligated to provide as Benefits only the applicable percentages of the Dentist's fees or allowances reduced by the amount of such fees or allowances that is discounted, waived or rebated.

4.04 **Benefits**

Delta Dental will pay or otherwise discharge the percentage shown in Appendix A of the Contract Allowance for the following services:

- **Diagnostic and Preventive Benefits**

- (1) Diagnostic: procedures to aid the Dentist in choosing required dental treatment.
- (2) Preventive: cleaning (periodontal cleaning in the presence of inflamed gums is considered to be a Major Benefit for payment purposes), topical application of fluoride solutions, space maintainers and bite-wing x-rays.

- **Basic Benefits**

- (1) Palliative: treatment to relieve pain.
- (2) Sealants: topically applied acrylic, plastic or composite materials used to seal developmental grooves and pits in permanent molars for the purpose of preventing decay.
- (3) Restorative: amalgam, synthetic porcelain and plastic restorations (fillings) and prefabricated stainless steel restorations for treatment of carious lesions (visible destruction of hard tooth structure resulting from the process of decay).
- (4) X-rays: full mouth x-rays.

- **Major Benefits**

- (1) Oral Surgery: extractions and other surgical procedures (including pre-and post-operative care).
- (2) General Anesthesia: when administered by a Dentist for a covered oral surgery procedure.
- (3) Endodontics: treatment of the tooth pulp.
- (4) Periodontics: treatment of gums and bones supporting teeth.
- (5) Denture Repairs: repair to partial or complete dentures, including rebase procedures and relining.
- (6) Crowns, Inlays/Onlays and Cast Restorations: treatment of carious lesions (visible decay of the hard tooth structure) when teeth cannot be restored with amalgam, synthetic porcelain or plastic restorations.
- (7) Prosthodontics: procedures for construction or repair of fixed bridges, partial or completed denture.

- **Orthodontic Benefits**

Procedures performed by a Dentist using appliances to treat malocclusion of teeth and/or jaws which significantly interferes with their function.

Note on additional benefits during pregnancy - When an Enrollee is pregnant, Delta Dental will pay for additional services to help improve the oral health of the Enrollee during the pregnancy. The additional services each 12 month period while the Enrollee is covered under this Contract include: one (1) additional oral exam and either one (1) additional routine cleaning or one (1) additional periodontal scaling and root planing per quadrant. Written confirmation of the pregnancy must be provided by the Enrollee or her dentist when the claim is submitted.

4.05 **Limitations on All Benefits - Optional Services**

Services that are more expensive than the form of treatment customarily provided under accepted dental practice standards are called "Optional Services". Optional Services also include the use of specialized techniques instead of standard procedures. For example:

- a crown where a filling would restore the tooth;
- a precision denture/partial where a standard denture/partial could be used;
- an inlay/onlay instead of an amalgam restoration; or
- a composite restoration instead of an amalgam restoration on posterior teeth.

If an Enrollee receives Optional Services, Benefits will be based on the lower cost of the customary service or standard practice instead of the higher cost of the Optional Service. The Enrollee will be responsible for the difference between the higher cost of the Optional Service and the lower cost of the customary service or standard procedure.

4.06 **Limitations**

- **Limitations on Diagnostic and Preventive Benefits:**

- (1) Delta Dental will pay for routine oral examinations and cleanings (including periodontal cleanings) no more than twice in any 12 month period while the person is an Enrollee under any Delta Dental program or dental care program provided by the Contractholder. Note that periodontal cleanings are covered as a Major Benefit and routine cleanings are covered as a Diagnostic and Preventive Benefit. See note on additional benefits during pregnancy.
- (2) Bitewing x-rays are provided once each 12 months for Primary Enrollees and their spouses and twice in a 12 month period for Dependent Child Enrollees.
- (3) Topical application of fluoride solutions is limited to Enrollees under age 19.
- (4) Space maintainers are limited to the initial appliance only for an Enrollee under age 14.

- **Limitations on Basic Benefits:**

- (1) Full-mouth x-rays or panoramic x-rays will be provided by the Dentist when required, but Delta Dental will only pay for these services once every five (5) years while the person is an Enrollee under any Delta Dental program.
- (2) Sealants are limited as follows:
 - a) to permanent first molars through age eight (8) and to permanent second molars through age 15 if they are without cavities or restorations on the occlusal surface.
 - b) do not include repair or replacement of a sealant on any tooth within two (2) years of its application.
- (3) Delta Dental will not pay to replace an amalgam, synthetic porcelain or plastic restorations (fillings) or prefabricated stainless steel restorations within 24 months of treatment if the service is provided by the same Dentist.
- (4) Delta Dental limits payment for stainless steel crowns under this section to services on baby teeth. However, after consultant's review, Delta Dental may allow stainless steel crowns on permanent teeth as a Major Benefit.]

- **Limitations on Major Benefits:**

- (1) Benefits for periodontal scaling and root planing in the same quadrant are limited to once in every 24-month period. See note on additional benefits during pregnancy.
- (1) Delta Dental will not pay to replace any crowns, inlays/onlays, or cast restorations which the Enrollee received in the previous five (5) years under any Delta Dental program or any program of the Contractholder.
- (2) Prosthodontic appliances that were provided under any Delta Dental program will be replaced only after five (5) years have passed, except when Delta Dental determines that there is such extensive loss of remaining teeth or change in supporting tissue that the existing fixed bridge or denture cannot be made satisfactory.

Replacement of a prosthodontic appliance and/or implant supported prosthesis not provided under a Delta Dental program will be made if Delta Dental determines it is unsatisfactory and cannot be made satisfactory.

- (3) The initial installation of a prosthodontic appliance is not a Benefit unless the prosthodontic appliance, bridge or denture is made necessary by natural, permanent teeth extraction occurring during a time the Enrollee was eligible under the Contractholder's prior plan.
- (4) Delta Dental limits payment for dentures to a standard partial or denture (coinsurances apply). A standard denture means a removable appliance to replace missing natural, permanent teeth that is made from acceptable materials by conventional means.
- (5) Delta Dental will not pay for implants (artificial teeth implanted into or on bone or gums), their removal or other associated procedures, but Delta Dental will credit the cost of a crown, or standard complete or partial denture that would have been allowed under this dental plan toward the cost of an implant and related services (coinsurances apply).

- **Limitations on Orthodontic Benefits:**

- (1) The maximum amount payable for each Enrollee during the Enrollee's lifetime is shown in Appendix A.
- (2) Payment for Orthodontics is provided monthly.
- (3) Orthodontic Benefits begin with the first payment due after the person becomes covered, if treatment has begun.
- (4) Benefits are not paid to repair or replace any orthodontic appliance received under this program.
- (5) X-rays or extractions are not subject to the Orthodontic maximum.
- (6) Surgical procedures are not subject to the Orthodontic maximum.
- (7) [Orthodontic Benefits are limited to dependent child enrollees under the age of 19 or [26 if full-time student]].
- (8) Orthodontic Benefits will end with the next payment due if:
 - a) the Enrollee loses coverage;
 - b) treatment is stopped; or
 - c) this Contract is canceled/terminated.

- treatment of injuries or illness covered by workers' compensation or employers' liability laws; services received without cost from any federal, state or local agency, unless this exclusion is prohibited by law.
- cosmetic surgery or procedures for purely cosmetic reasons.
- services for congenital (hereditary) or developmental (following birth) malformations, including but not limited to cleft palate, upper and lower jaw malformations, enamel hypoplasia (lack of development), fluorosis (a type of discoloration of the teeth) and anodontia (congenitally missing teeth), except those services provided to newborn or adopted children (under the age of 18) for medically diagnosed congenital defect or abnormalities.
- treatment to restore tooth structure lost from wear, erosion, or abrasion; treatment to rebuild or maintain chewing surfaces due to teeth out of alignment or occlusion; or treatment to stabilize teeth. Examples include but are not limited to: equilibration, periodontal splinting, or occlusal adjustment.

ARTICLE 5 DEDUCTIBLE, MAXIMUM, & COORDINATION OF BENEFITS

5.01 **Deductible**

As shown on Appendix A, Delta Dental will not pay Benefits for the deductible amount of the Dentist's Contract Allowance for services received each Calendar Year by an Enrollee. The annual maximum deductible per family, if any, is shown in Appendix A. Only fees an Enrollee pays for services that are described under Article 4 will count toward the deductible.

5.02 **Maximum**

Delta Dental will pay the maximum amount(s) shown in Appendix A per Enrollee for all Benefits under this Contract.

5.03 **Coordination of Benefits**

Delta Dental coordinates the Benefits under this Contract with an Enrollee's benefits under any other group pre-paid plan or insurance policy designed to fully integrate with other policies. Benefits under one of the plans may be reduced so that combined coverage does not exceed the Dentist's total fees for covered services. If this is the "primary" plan, Delta Dental will not reduce Benefits, but if the other plan is the primary one, Delta Dental will reduce Benefits otherwise payable under this Contract. The reduction will be the amount paid for or provided under the terms of the primary plan for covered services under Article 4.

Order of Benefit Determination Rules:

The following rules determine which plan is the "primary" plan:

- If the other Plan is not primarily a dental plan, this Plan is primary.
- If the other Plan is a dental plan, the following rules are applied:
 - (1) The Plan covering the Enrollee as an employee is primary over a Plan covering the Enrollee as a dependent.
 - (2) The Plan covering the Enrollee as an employee is primary over a Plan which covers the insured person as a dependent; except that: if the insured person is also a Medicare beneficiary, and as a result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:
 - a) Secondary to the Plan covering the insured person as a dependent and
 - b) Primary to the Plan covering the insured person as other than a dependent (e.g. a retired employee), then the benefits of the Plan covering the insured person as a dependent are determined before those of the Plan covering that insured person as other than a dependent.
 - (3) Except as stated in paragraph (4), when this Plan and another Plan cover the same child as a dependent of different persons, called parents:
 - a) The benefits of the Plan of the parent whose birthday falls earlier in a year are determined before those of the Plan of the parent whose birthday falls later in that year, but
 - b) If both parents have the same birthday, the benefits of the Plan which covered one parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

- (4) In the case of a dependent child of legally separated or divorced parents, the Plan covering the Enrollee as a dependent of the parent with legal custody, or as a dependent of the custodial parent's spouse (i.e. step-parent) will be primary over the Plan covering the Enrollee as a dependent of the parent without legal custody. If there is a court decree which would otherwise establish financial responsibility for the health care expenses with respect to the child, the benefits of a plan which covers the child as a dependent of the parent with such financial responsibility will be determined before the benefits of any other policy which covers the child as a dependent child.
- (5) If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child will follow the order of benefit determination rules outlined in paragraph (3).
- (6) The benefits of a Plan which covers an insured person as an employee who is neither laid off nor retired are determined before those of a Plan which covers that insured person as a laid off or retired employee. The same would hold true if an insured person is a dependent of a person covered as a retiree and an employee. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this Rule (6) is ignored.
- (7) If an insured person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another plan, the following will be the order of benefit determination:
 - a) First, the benefits of a Plan covering the insured person as an employee or Primary Enrollee (or as that insured person's dependent);
 - b) Second, the benefits under the continuation coverage.If the other Plan does not have the rule described above, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
- (8) If none of the above rules determine the order of benefits, the benefits of the Plan which covered an employee longer are determined before those of the Plan which covered that insured person for the shorter term.

ARTICLE 6

CONDITIONS UNDER WHICH BENEFITS WILL BE PROVIDED

6.01 Choice of a Dentist

Enrollees may choose a Dentist from Delta Dental's panel of PPO Dentists and Premier Dentists, or Enrollees may choose a Non-Delta Dental Dentist. A list of Delta Dental Dentists can be obtained by accessing the Delta Dental National Dentist Directory at www.deltadentalins.com. Enrollees are responsible for verifying whether the selected Dentist is a PPO Dentist or a Premier Dentist. Dentists are regularly added to the panel. Additionally, Enrollees should always confirm with the Dentist's office that a listed Dentist is still a participating PPO Dentist or Premier Dentist.

PPO Dentist

The PPO program potentially allows the greatest reduction in Enrollees' out-of-pocket expenses, since this select group of Dentists will provide dental Benefits at a charge which has been contractually agreed upon between Delta Dental and the PPO Dentist.

Premier Dentist

The Premier Dentist, which include specialists (endodontists, periodontists or oral surgeons), has not agreed to the features of the PPO program; however, you may still receive dental care at a lower cost than if you use a Non-Delta Dental Dentist.

Non-Delta Dental Dentist

If a Dentist is a Non-Delta Dental Dentist, the amount charged to Enrollees may be above that accepted by the PPO or Premier Dentists. Non-Delta Dental Dentists can balance bill for the difference between the MPA and the Non-Delta Dental Dentist's Approved Amount. For a Non-Delta Dental Dentist, the Approved Amount is the Dentist's submitted charge.

Additional advantages of using a PPO Dentist or Premier Dentist

- The PPO Dentist and Premier Dentist must accept assignment of Benefits, meaning PPO Dentists and Premier Dentists will be paid directly by Delta Dental after satisfaction of the deductible and coinsurance, and the Enrollee does not have to pay all the dental charges while at the dental office and then submit the claim for reimbursement.
- The PPO Dentist and Premier Dentist will complete the dental Claim Form and submit it to Delta Dental for reimbursement.]

6.02 **International SOS**

Enrollees can obtain referrals for care outside of the United States through Delta Dental's partnership with International SOS Assistance Inc. (I-SOS). I-SOS provides referrals to Dentists and dental clinics in nearly 200 countries worldwide. English-speaking operators are available around the clock to answer questions and assist with scheduling care. Delta Dental coverage outside the U.S. is the same as Delta Dental out-of-network coverage within the U.S. Reimbursement is determined by the group's specific plan design and is based on the out-of-network benefit provided through the plan. The I-SOS referral service is offered through a partnership agreement and will not be available if the agreement terminates.

6.03 **Clinical Examination**

Before approving a claim, Delta Dental may obtain, to such extent as may be lawful, from any Dentist, or from hospitals in which a Dentist's care is provided, such information and records relating to an Enrollee as Delta Dental may require to administer the claim. Or Delta Dental may require, at its expense, that an Enrollee be examined by a dental consultant retained by Delta Dental in or near his community or residence. Such information and records will be kept confidential.

6.04 **Notice of Claim Forms**

Delta Dental will furnish to any Dentist or Enrollee, on request, a standard Claim Form to make a claim for payment of Benefits. To make a claim, the form must be completed and signed by the Dentist who performed the services and by the Enrollee (or the parent or guardian of a minor) and submitted to Delta Dental at the address shown thereon. If Delta Dental does not furnish the form within 10 days after requested by a Dentist or Enrollee, the requirements for proof of loss set forth in section 6.06 of this Contract will be deemed to have been complied with upon the submission to Delta Dental within the time established in said section for filing proof of loss, of written proof covering the occurrence, the character and the extent of the loss for which claim is made. Enrollees may download a Claim Form from Delta Dental's web site.

6.05 **Pre-Treatment Estimate**

A Dentist may file a Claim Form before treatment, showing the services to be provided to an Enrollee. Delta Dental will predetermine the amount of Benefits payable under this Contract for the listed services. Benefits will be processed according to the terms of this Contract when the treatment is performed. Pre-Treatment Estimates are valid for 60 days, or until an earlier occurrence of any one of the following events:

- the date this Contract terminates;
- the date the Enrollee's coverage ends; or
- the date the Premier Dentist's or PPO Dentist's agreement with Delta Dental ends.

6.06 **Written Notice of Claim/Proof of Loss**

Delta Dental must be given written proof of loss within 90 days after the date of the loss. If it is not reasonably possible to give written proof in the time required, the claim will not be reduced or denied solely for this reason, provided proof is filed as soon as reasonably possible. In any event, proof of loss must be given no later than one year from such time (unless the claimant was legally incapacitated).

All written proof of loss must be given to Delta Dental within 6 months of the termination of this Contract.

6.07 **Time of Payment**

Indemnities payable under this Contract for any loss other than loss for which this Contract provides any periodic payment will be processed:

- within 15 working days after receipt of due written proof of such loss. If additional information is requested to process the claim, Delta Dental will notify the Primary Enrollee and the Dentist within 15 working days of written proof of loss. Any undisputed portion of the claim will be processed within the 15 working days; and
- within 15 working days after the requested information is received for any disputed portion of the claim.

Claims not processed as stated above are subject to a charge of 18 percent interest per annum. Subject to due written proof of loss, all accrued indemnities for loss for which the Contract provides periodic payment will be paid monthly and any balance remaining upon the termination of liability will be paid immediately upon receipt of due written proof.

6.08 **Claims Appeal**

Delta Dental will notify the Enrollee and his/her Dentist if Benefits are denied for services submitted on a Claim Form, in whole or in part, stating the reason(s) for denial. The Enrollee or his/her Dentist has 180 days after receiving a notice of denial to appeal it by writing to Delta Dental giving reasons why he/she believes the denial was wrong. The Enrollee and his/her Dentist may ask for copies, at no cost, of any pertinent documents that are relevant to the claim.

The Enrollee or his/her Dentist may also ask Delta Dental to examine any additional information he/she includes that may support his/her appeal.

Delta Dental will make a full and fair review within 60 days after Delta Dental receives the request for appeal. Delta Dental may ask for more documents if needed. In no event will the decision take longer than 60 days. The review will take into account all comments, documents, records or other information, regardless of whether such information was submitted or considered initially. If the review is of a denial based in whole or in part on lack of dental necessity, experimental treatment or clinical judgment in applying the terms of this Contract, Delta Dental shall consult with a Dentist who has appropriate training and experience. The review will be conducted for Delta Dental by a person who is neither the individual who made the claim denial that is subject to the review, nor the subordinate of such individual. The identity of such dental consultant is available upon request whether or not the advice was relied upon.

If the Enrollee believes he/she needs further review of said claim, he/she may contact his/her state insurance regulatory agency if applicable or bring a civil action under section 502(a) of the Employee Retirement Income Security Act of 1974 (ERISA) if this Contract is subject to ERISA.

6.09 **To Whom Benefits Are Paid**

Payment for services provided by a PPO Dentist or Premier Dentist will be made directly to the Dentist. Any other payments provided by this Contract will be made to the Primary Enrollee, unless the Primary Enrollee requests when filing proof of loss that the payment be made directly to the Dentist providing the services. All Benefits not paid to the Dentist will be payable to the Primary Enrollee, or to his estate, except that if the person is a minor or otherwise not competent to give a valid release, Benefits may be payable to his parent, guardian or other person actually supporting him.

ARTICLE 7 GENERAL PROVISIONS

If any amendment to this Contract will materially affect any Benefits described in the certificate, new certificates or riders showing the change will be issued.

7.12 Time Limit On Certain Defenses

After this Contract has been in force for three (3) years from the Effective Date, no statement made by the Contractholder will be used to void this Contract. No statement by you, with respect to the an Enrollee's insurability, will be used to reduce or deny a claim or contest the validity of insurance for such Enrollee after that person's coverage has been in effect three (3) years or more during his or her lifetime.

7.13 Compliance with Administrative Simplification, Security and Privacy Regulations

Contractholder shall comply in all respects with applicable federal, state and local laws and regulations relating to administrative simplification, security and privacy of individually identifiable Enrollee information. Directory of Delta Dental PPO and Delta Dental Premier® Dentists

Georgia Edition

Delta Dental PPO and Delta Dental Premier[®] Dentists

How to use this directory

This directory contains the names of Delta Dental PPO dentists and Delta Dental Premier dentists (“Delta Dental dentists”) in your state.

You may obtain treatment from any licensed dentist, but if you select a Delta Dental dentist (including a PPO dentist), you receive additional advantages:

- Delta Dental dentists complete claim forms and submit them directly to Delta Dental.
- You pay only your portion of the bill at the time of treatment because Delta Dental pays its portion directly to the dentist.
- Delta Dental dentists establish certain fees with Delta Dental, which means your costs will probably be lower than if you visit a non-Delta Dental dentist.

If you are enrolled in a PPO plan, you will generally save the most on out-of-pocket expenses if you visit a PPO dentist. A PPO dentist is indicated in this directory by a “*” next to the dentist’s name. However, if you choose to visit an out-of-network dentist, you may still save some money on out-of-pocket expenses, and you’ll have the protection from balance billing that visiting any Delta Dental dentist provides.

If you select a non-Delta Dental dentist, you may be responsible for the entire dental bill at the time of treatment; which means you will have to wait for reimbursement for any covered amounts from Delta Dental.

Your benefit booklet lists your benefits, limitations and exclusions, and explains coinsurance costs.

This directory is current as of May 2008 and replaces all previous editions. Please note that it is subject to change without notice. Therefore, we strongly recommend that you ask your dentist about his or her current status as a participating PPO dentist or Premier dentist with Delta Dental.

For the most current list of PPO and Premier dentists in your area, use our online directory at www.deltadentalins.com.

If you experience any problems with a Delta Dental dentist, a written explanation should be sent to the following address:

RICHMOND COUNTY MOSQUITO CONTROL
1916 K North Leg Road
Augusta, Georgia 30909
706-667-4241

Hon. Deke Copenhaver
Mayor of the City of Augusta
Municipal Building
530 Green Street
Augusta, Georgia 30901

Dear Mayor Copenhaver:

We have presented the following proposal for funding the Richmond County Integrated Mosquito Control to Mr. Fred Russell who is in favor of it. We are requesting that you and your fellow Commissioners give your consideration to our proposal.

In an effort to assist Richmond County with it's never ending budget battle we are proposing the following:

To institute a *service fee* to be charged to the county residents and businesses of \$.50 per month billed on their water bill to finance the Integrated Mosquito Control Program.

There are approximately 62,000 water bills sent out each month. This would result in a fund of approximately \$31,000 per month and \$372,000 annually.

This would be enough to set up the Integrated Mosquito Control Program with a budget that would be at a level to operate for approximately the next 10 years and eliminate the continual budget battle we have each year. The money you currently appropriate for us could be returned to the operating budget for the county.

Any funds left at the end of the year should be divided between three funds:

Emergency Fund 50%
Building Fund 25%
Education and Reserve Fund 25%

We would be able to employ an entomologist on a part time schedule and do year round surveillance and identification of both larvae and adult mosquitoes.

The barrier spray program could be expanded to schools, parks and problem areas of the county such as Aragon, Hyde Park and Apple Valley areas.

Educational programs would be offered to schools to teach the children about the dangers of the diseases that mosquitoes carry and what can be done at home to help prevent infestations. These types of programs are offered by the weathermen of the local TV stations and the Fire Department and are well received by the pupils. These educational programs will also be made available to church, civic and homeowner groups at no charge.

We would be able to purchase new and more advanced equipment to better serve the citizens. We owe it to the citizens of Richmond County to bring them the best program available and to bring it at the lowest cost possible.

We are spending \$1.27 per county resident this year for the program we currently have.

This new proposal will amount to \$1.89 per person, an increase of \$.62 per person per year or 5 cents per person per month.

Thanks for listening:

Randy E. Wishard
Program Director
